

## Senate Votes 375 Million For Transit Subsidy

WASHINGTON (AP)—The Senate has approved the use of \$375 million in federal grants to help the nation's cities untangle their transit problems.

Passage Thursday by a 52-41 vote amounted to a partial victory for the administration and urban forces. The bill now goes to the House and another tough fight.

To win Senate approval, administration forces agreed to slice \$125 million from the \$500 million in grants originally requested by President Kennedy. New restrictions were written into the program which sponsors concede will hamper its effectiveness unless they are removed in the House.

The first of the administration's spending programs to clear either chamber this year, the mass transit subsidy bill drew the support of 46 Democrats, including six from the Deep South, and six Republicans, all from industrial states. It was opposed by 24 Republicans and 17 Democrats.

A \$500 million grant measure already has been approved by the House banking committee. Rep. Albert Rains, D-Ala., who will manage the bill in that branch, said he hopes floor debate can begin by early May.

Democratic leaders said privately there was no question the House would cut the grant funds at least to the \$375 million level.

Republicans fought the measure to the end with economy arguments, declaring that its passage could kill hopes for any tax cut this year.

The federal grant funds in the bill could be used for facilities and equipment needed for transit improvement projects, but not for operating subsidies.

## Atomic Physicist Oppenheimer Gets Top AEC Honor

WASHINGTON (AP) — Atomic physicist J. Robert Oppenheimer, denied a security clearance by the Atomic Energy Commission nine years ago, has been selected to receive the AEC's highest honor — the \$50,000 Fermi Award.

Selection of the controversial scientist, confirmed by a commission spokesman Thursday night and expected to be announced today by the White House, immediately opened two avenues of speculation.

That the government may ask him to do secret work and that the administration wishes to see dispelled the cloud that enveloped Oppenheimer in the 1954 security case.

Oppenheimer, who will be 59 April 22, is receiving the award for "especially meritorious contribution to the development, use or control of atomic energy."

## Weather

Data by Weather Bureau Escanaba and Associated Press

UPPER MICHIGAN: Mostly cloudy with a warming trend tonight and Saturday. Chance of a few scattered light showers tonight or Saturday. Lows tonight 24° to 32°, high Saturday 48° to 54°.

Outlook for Sunday: Considerable cloudiness and no important change in temperatures with a chance of showers.

ESCANABA AND VICINITY: Mostly cloudy with a warming trend and a chance of light showers tonight and Saturday. Low tonight around 30°, high Saturday around 55°. South to southwest winds 10 to 20 mph early tonight, becoming west to southwest 5 to 15 mph late tonight and Saturday morning.

## TEMPERATURE

Yesterday at noon 37°  
Today at noon 35°  
Highest yesterday 43°  
Lowest last night 27°  
High record this date 63°, 1900

## Pact Pounded Out To End Four-Day Argentine Revolt

BUENOS AIRES (AP) — Truce talks came to a standstill in Argentina's navy revolt today. And so did the revolt.

A meeting scheduled for sunrise between loyalist army chiefs and rebel negotiators failed to come off. No reason was given. The negotiators agreed in a post-midnight meeting to a set of conditions for the navy's surrender.

But there was no word from the navy's last stronghold—its big base at Puerto Belgrano, 350 miles south of here—that the rebels there would accept. Informed sources said the terms contained one possibly unpalatable condition—to cut the navy's 35,000-man force practically in half.

Terms of the conditional agreement were pounded out by loyalist military leaders and Rear Adm. Eladio Vazquez, the rebel fleet commander, at a two-hour post-midnight session in Buenos Aires. In a terse communique they said agreement in principle had been reached on requirements to halt the fighting and return the armed forces to normal.

The communique did not spell out terms. Informed sources at

Bahia Blanca, adjoining the Puerto Belgrano base, said they called for:

1. Unconditional surrender of the naval fleet and air force.
2. Reduction of the navy's maintenance force to a skeleton 2,500 men, which would at least halve the 35,000-man navy.
3. Surrender of navy men and civilians responsible for the revolt to be tried.
4. Repair by a naval unit of damage in the Magdalena area where the navy air force destroyed or damaged eight loyalist tanks and a number of buildings, killing 18.

The navy's strength has made it a commanding voice in Argentine politics ever since it played the major part in the overthrow of Dictator Juan Peron in 1955.

There was no indication that the army and air force, which remained loyal to President Jose Maria Guido, made any concessions concerning the June 23 presidential and congressional elections. The rebels said they rebelled because Guido planned to let the Peronists enter candidates and a Peronist victory was feared.

## Newspaper Strike Ends In Cleveland

CLEVELAND, Ohio (AP) — Cleveland's newspaper strike is over after a record 126 days. Employees of the Plain Dealer and the Cleveland Press & News were called to work today to prepare for Monday publication.

A handful of printers, mostly supervisors, returned to their jobs at the Plain Dealer at 12:22 a. m., a time which could be called the official end of the strike. It came just over an hour after the printers became the last of 11 unions to ratify contracts.

By a 339-286 vote, after a stormy three-hour debate, the printers ratified a 26-month contract their

## Nations Propose Passport Ban On Travel To Cuba

MANAGUA, Nicaragua (AP) — Representatives of the Central American and U.S. governments recommended Thursday night that their citizens be kept out of Cuba by stamping their passports "Not valid for travel to Cuba."

The United States uses the same system to bar Americans from Red China.

Justice and interior ministers meeting here approved seven other recommendations for action to combat Communist infiltration from Cuba. These called for stronger crackdowns on contraband arms cooperation in patroling coastlines, penalties for receipt or distribution of Communist propaganda, and impounding of funds that might be used for subversion.

The conference was an outgrowth of President Kennedy's meeting in San Jose, Costa Rica, with the presidents of Panama, Guatemala, Honduras, Nicaragua, El Salvador and Costa Rica.

# Fight Brewing In Lansing Over Minimum Wage Bill

## Castro Cuts Off Flight Today Of 100 Americans

HAVANA (AP)—Prime Minister Fidel Castro has suspended repatriation of American citizens seeking to leave Cuba, possibly to pressure the United States into sending ships for Cubans who want to leave too.

The suspension order dashed the hopes of about 100 persons—Cuban-Americans and their families—who had planned to fly to Miami today.

There was no official explanation for the action. The Swiss Embassy, which represents U.S. interests here, said only that the Castro government notified it of the suspension order.

But a Swiss Embassy source explained Castro wants delivery of ransom installments for the Bay of Pigs invaders on ships that can take emigres to the United States on the return trip. Recent ransom cargoes have been brought on ships that were routed to ports outside the United States after calling here.

"The government of Cuba feels that the decision to send ships which do not return to America is discriminating against those who want to leave but cannot qualify for repatriation," the source said.

In a speech March 13 Castro said it appears the United States has closed its doors to Cubans wanting to leave their homeland.

Anyone who wants to leave the island may do so, he said, but many who have received exit permits from the Cuban government "have not been able to go through the fault of imperialism."

A Honduran freighter is reported heading toward Havana with another load of ransom food and medicines before proceeding south.

The first three ransom installments arrived on American ships. All left with refugees.

Cuban-Americans and their families had been leaving for Miami almost every Friday aboard planes chartered by the American Red Cross. These planes carry about 100 passengers.

## Dealer Guilty Of Swindling Nuns Out Of \$100,000

DETROIT (AP) — A Grand Rapids man, who said he has a son studying for the priesthood, a daughter who is a nun and another daughter studying for the sisterhood, was convicted Thursday of swindling the Franciscan Sisters of St. Joseph of \$100,000.

A U.S. District Court jury found William S. Cwik, 45, guilty on charges of interstate transportation of a check obtained by fraud.

Cwik, who specialized in furnishing institutions, had been charged with bilking the nuns out of \$100,000 on the pretext of furnishing their new home for the aging, Mary Crest Manor, in suburban Livonia.

Judge Ralph M. Freeman ordered Cwik held until the probation department completed its investigation.

## Rep. Adam Powell Loser Of \$211,500 In Libel Lawsuit

NEW YORK (AP)—A jury has made a libel award of \$211,500 to a Harlem widow against Rep. Adam Clayton Powell Jr. for calling her "a bag woman (graft collector) for the Police Department."

"The king is dead," the plaintiff, Esther James, 66, exclaimed as the verdict was read.

"Adam Clayton Powell is dead," the Negro domestic cried. "Now he will just have to keep his mouth shut. He's dead in Harlem."

Powell, 54, a Democratic congressman from the Harlem section of New York since 1944, was not available for comment. His office in Washington said he plans to appeal the verdict.

## Scholle Plans Court Challenge Of Constitution

LANSING (AP)—A labor leader has indicated that he may challenge Michigan's new Constitution in court. Gov. George Romney said the move would come as no surprise to him.

The possibility of a legal suit against the new document was voiced Thursday by August Scholle, Michigan AFL-CIO president. He said it would concern the Constitution's formula for apportionment of the State Senate.

Romney, who helped draft the charter as a vice president of the Constitutional Convention, said many of his fellow delegates felt their work was likely to be challenged.

He said, however, most of the delegates who were lawyers had no question about the legality of the Senate apportionment provision, which is based on a formula giving 80 per cent emphasis to population factors and 20 per cent to area.

Scholle said he would discuss the idea of a court test with his attorney, Theodore Sachs.

"But it's a safe bet I'll file suit," he added.

The union leader said a current suit challenging the apportionment provisions of the old constitution now poses a moot question.

The case reached the U.S. Supreme Court twice, and has been awaiting action on an appeal from a State Supreme Court decision declaring the present Senate illegally constituted.

Before the adoption of the new document, Scholle said, he had concluded the new 80-20 formula could be "more inequitable than the present one."

He contended disparity in district populations could vary as much as 1,000-to-one under the new formula compared to the 131-to-one under the present setup.

This, he said, violates the 14th Amendment to the U.S. Constitution which guarantees equal protection of the laws for every citizen.

## TODAY'S CHUCKLE

There's nothing wrong with teen-agers that reasoning with them won't aggravate.

## Governor Moves To Revive \$1.15 Senate Proposal

LANSING (AP) — A new fight over a state minimum wage law appeared to be brewing today in the House, where the Republican-controlled labor committee has killed the last of six proposals.

A Senate-approved \$1.15 bill was pronounced dead Thursday by Rep. Riemer Van Til, R-Holland, the committee chairman. He said he saw no chance of it being revived.

But Gov. George Romney—taken by surprise by the committee action—and House Democrats reacted sharply to the Van Til report.

"I will continue to support a minimum wage bill in this session," declared the governor. "This bill was on the list of legislation I wanted."

## Backed By Democrats

Romney declined to explain what steps he would take in an effort to bring the bill out of committee to a vote on the House floor.

But he had the pledged support of House Democrats, whose three Labor Committee members issued a broadside blast at Republicans for rejecting a minimum wage "for the 25th consecutive year."

"The voters of this state are getting the 'Mutt and Jeff' treatment from the Republicans," charged Reps. James Karoub, D-Highland Park, Edward Michalski, D-Detroit, and James Bradley, D-Detroit.

"The governor on one hand promises legislation 'which will insure workers they will be paid enough to maintain themselves in health and decency,' while the legislators repudiate wage floors as 'statism,' 'inflationary,' and 'contrary to free enterprise'."

Van Til said the committee decided the minimum wage bill would violate basic principles of free enterprise, have inflationary effect on the state's economy, and bring unemployment through increased costs to employers.

## Apportionment Near Deadline

The labor committee earlier killed for other bills, including a \$1 version regarded as the governor's personal preference. Another proposal died in the Senate.

In other action, House members approved a plan to set up a 12-member bi-partisan committee to study the new Constitution and report by June 4 on legislation needed to put it into effect next January.

Meanwhile, House Republican leaders — having met with Gov. Romney, two congressmen and party officials—faced the problem of passing a congressional apportionment plan in the next three weeks or abandoning the idea for the current session.

To accomplish it, they must resolve an apparent standoff between the majority of House GOP members and a small group of rebels whose alternate proposal is supported by Democrats.

"We have a choice — we come out with a Republican plan or we just forget about reapportionment this year," declared Rep. Henry Hogan, R-Birmingham, chairman

(Please Turn to Page 12, Col. 8)

## Budget-Slashing Gains Momentum On Capitol Hill

WASHINGTON (AP) — The budget-cutting drive has picked up momentum on Capitol Hill.

The Senate Armed Services Committee Thursday chopped off \$771 million in Defense Department requests for aircraft, missiles and other military hardware. But it went along with the House in voting an extra \$363.7 million—which the administration doesn't want and probably won't spend—to speed development of the RS70 reconnaissance strike bomber.

Thus after the committee was finished, the military procurement bill totaled only \$407.3 million less than the administration asked.

The House, despite objections of Postmaster General J. Edward Day and a barrage of letters and telegrams from postal employees, voted a reduction Thursday of \$91,964,000 in appropriations for the Post Office Department. Day

warned it might mean a reduction in postal service, including no more Saturday deliveries.

Chairman Richard B. Russell, D-Ga., called the defense cut "a very modest reduction in the numbers of aircraft, missiles, spare parts for them and research development."

And today the House Appropriations Committee stepped up its economy drive by whacking \$202,750,600 from \$1,641,507,106 requested by President Kennedy in emergency funds for miscellaneous federal agencies.

The 12-per-cent cut in appropriations for the remaining three months of the present fiscal year was the largest the committee has made on three money measures this year. It previously pared appropriations for the Interior Department by about 10 per cent.

## Gales Fan Fires; 3 Dead In Storms

By The Associated Press

Fires fanned by roaring winds spread havoc Thursday from Maine to Georgia, killing at least three persons. Trees were uprooted and power lines fell as wind gusts were clocked up to 81 miles per hour.

Cold, snow and hail hit wide areas.

In New York City a workman was killed by a wind-tossed plank. In a Syracuse, N.Y., suburb a woman died of electric shock as she stepped from her car, which had become entangled in live wires. A man died in Passaic, N.J., when a fire-damaged building collapsed and showered debris on a parked car.

Winds were expected to diminish and temperatures to rise today.

The U.S. Weather Bureau blamed the disturbance on a deep low pressure system centered in Eastern Canada and a high pressure system in northern Missouri.

New England staggered under high winds, snow squalls and freezing temperatures. In northern Maine the mercury plunged into the 20s.

Power failures due to falling tree limbs harassed many New England communities.

Snow flurries, hail and winds hit upstate New York areas, knocking down trees and power lines.

A forest fire in New Castle County, Delaware, was said to be the largest in history for that region.

West Virginia had at least 79 woodland fires, almost all in the state's 11 southern counties. More than 500 men were recruited to fight the blazes.

In Virginia nearly 200 wind-whipped forest fires destroyed thousands of acres of timber.

In North Carolina, fires riddled the state from the mountains to the sea, destroying nine homes and two businesses.

In South Carolina, more than half of the state's 46 counties reported fires. The forestry department said the day, hot weather plus the gusty winds made the fires extremely hard to control.

At least 80 forest fires were reported in Georgia, with some of the blazes eating up countless acres of timber.

In Tennessee, fires destroyed thousands of wooded acres.

## Russian Lunik Close To Moon

MOSCOW (AP) — Lunik 4, the Soviet Union's space observatory, should have passed close by the moon early today, but there was no announcement from the Soviets.

The silence was not considered particularly significant. It was believed the Soviets might be waiting for more data from the 3,130-pound traveler before issuing any statement.

Tass, the Soviet news agency, announced Thursday night that Lunik 4 was on its last lap to the moon and would pass close to the surface, indicating no landing was planned. The announcement said the Lunik's instruments were all functioning normally.

The position announced by Tass and the last reported speed of the satellite would have placed it near the moon early today, Moscow time, or about 6:30 p.m. Eastern Standard Time Thursday.

The Soviets said the speed of Lunik 4, launched Tuesday at more than 18,000 miles an hour, had slowed to about 6,700 miles an hour. This is due to the earth's gravitational pull.

Experiments and observations which are being carried out aboard the Lunik 4 station are necessary for the realization of further flights under the program worked out for the exploration of the moon," Tass said.

The Soviet press said Lunik 4 was being controlled by a scientific center in the Crimea.

## Communists Stir Trouble In Korea

SEOUL, South Korea (AP) — Communist North Korea is smuggling in a large number of agents to stir up anti-government demonstrations, South Korea's military rulers charged today.

The military regime, beset by civilian political leaders demanding a return to civil rule, announced the arrest of three North Korean agents and an undisclosed number of South Korean youths reportedly contacted by the Communists.

Chairman Richard B. Russell, D-Ga., called the defense cut "a very modest reduction in the numbers of aircraft, missiles, spare parts for them and research development."

And today the House Appropriations Committee stepped up its economy drive by whacking \$202,750,600 from \$1,641,507,106 requested by President Kennedy in emergency funds for miscellaneous federal agencies.

The 12-per-cent cut in appropriations for the remaining three months of the present fiscal year was the largest the committee has made on three money measures this year. It previously pared appropriations for the Interior Department by about 10 per cent.

limbs harassed many New England communities.

Snow flurries, hail and winds hit upstate New York areas, knocking down trees and power lines.

A forest fire in New Castle County, Delaware, was said to be the largest in history for that region.

West Virginia had at least 79 woodland fires, almost all in the state's 11 southern counties. More than 500 men were recruited to fight the blazes.

In Virginia nearly 200 wind-whipped forest fires destroyed thousands of acres of timber.

In South Carolina, more than half of the state's 46 counties reported fires. The forestry department said the day, hot weather plus the gusty winds made the fires extremely hard to control.

At least 80 forest fires were reported in Georgia, with some of the blazes eating up countless acres of timber.

In Tennessee, fires destroyed thousands of wooded acres.

## Rusk Raps Foes Of Foreign Aid

WASHINGTON (AP)—Secretary of State Dean Rusk blasted foes of the administration's foreign aid program today as defeatists who would let the Communists "begin to take over" the world.

Testifying before the House Foreign Affairs Committee, Rusk said the Communists want "Yanks" not only to pull out of Europe but also to pull out of all other foreign lands including Latin America.

"If we Yanks come home," he said, "the Communists will begin to take over. Why any American would want to cooperate with that global Communist strategy is beyond my understanding. But that is what sharp cuts in our foreign aid programs would mean."

"Those who favor gutting these powerful and effective instruments at their juncture of history must assume an awful responsibility."

Rusk said "it is easier and cheaper in the long run to prevent conditions that may lead to communism than to reverse the system once it has become established. It should not be necessary to have another Cuba in Latin America or Africa to drive home the 'ounce of prevention' lesson."

Rusk sounded this note several times as he read the statement in the crowded hearing room.

Japanese cherry trees around the tidal basin in Washington, D. C., are in full bloom. Admiring the blossoms are Mrs. Robert Smith of Fairfax, Va., and her children, Sarah, 6, and Mary Lou, 8. (AP Wirephoto)

# Cutter Mackinaw Coming Saturday To Break Bay Ice

The icebreaker Mackinaw will break channels into Green Bay on Saturday, the Chicago & North Western Railway will send ore trains on the run to the mines Sunday, and the prospect is that the first shipment of ore on the Great Lakes in 1963 will be loaded here about April 18.

Only iron ore shipping port on Lake Michigan, Escanaba is usually the first to load ore in the spring and the last to halt shipping in the fall.

The Edward L. Ryerson is to arrive April 18 to load 21,200 tons of ore for Indiana Harbor. Two other Inland Steel boats, the P. D. Block and L. E. Block will follow the Ryerson within a day or so.

The Coast Guard said today that the Mackinaw has scheduled ice breaking operations in Little Bay de Noc and at Escanaba on Saturday and Sunday. Beginning Sunday and continuing through Tuesday the Mackinaw is expected to be in the Menominee-Sherwood Point area and will also open channels into Green Bay city.

**Trains Start Moving**

The arrival of the Mackinaw had been scheduled for March 28 but was delayed to April 6 to give the ice fishermen an opportunity to extend their season as long as possible. Smelt fishing is best at this season for commercial fishermen.

Lee McMillan, Chicago and North Western Railway dock agent here, said that the first "empties" will go in two trains from Escanaba to the iron ore mines Sunday night. They will be loaded at Crystal Falls and Stambaugh next week and will return here as part of the cargo for boats expected to arrive beginning April 17.

Four thousand cars are used by the North Western to haul ore to its Escanaba dock. Most are of the 70-ton capacity, although there are 930 of the older 50-ton capacity and most of the cars

winter in the yards of the railroad at Escanaba.

First ore boat to arrive at Escanaba last year was the Ryerson which came in following the channel made by the icebreaker on April 25. The ice has deteriorated rapidly and the Mackinaw is expected to have no trouble opening the Escanaba harbor on Saturday. Ice is now about 30 inches maximum and honeycombed.

**Better Season**

Work has been going on at Escanaba throughout the winter in repair and maintenance of the North Western ore loading dock. The repairs, costing about \$250,000, will be completed in advance of the opening of navigation.

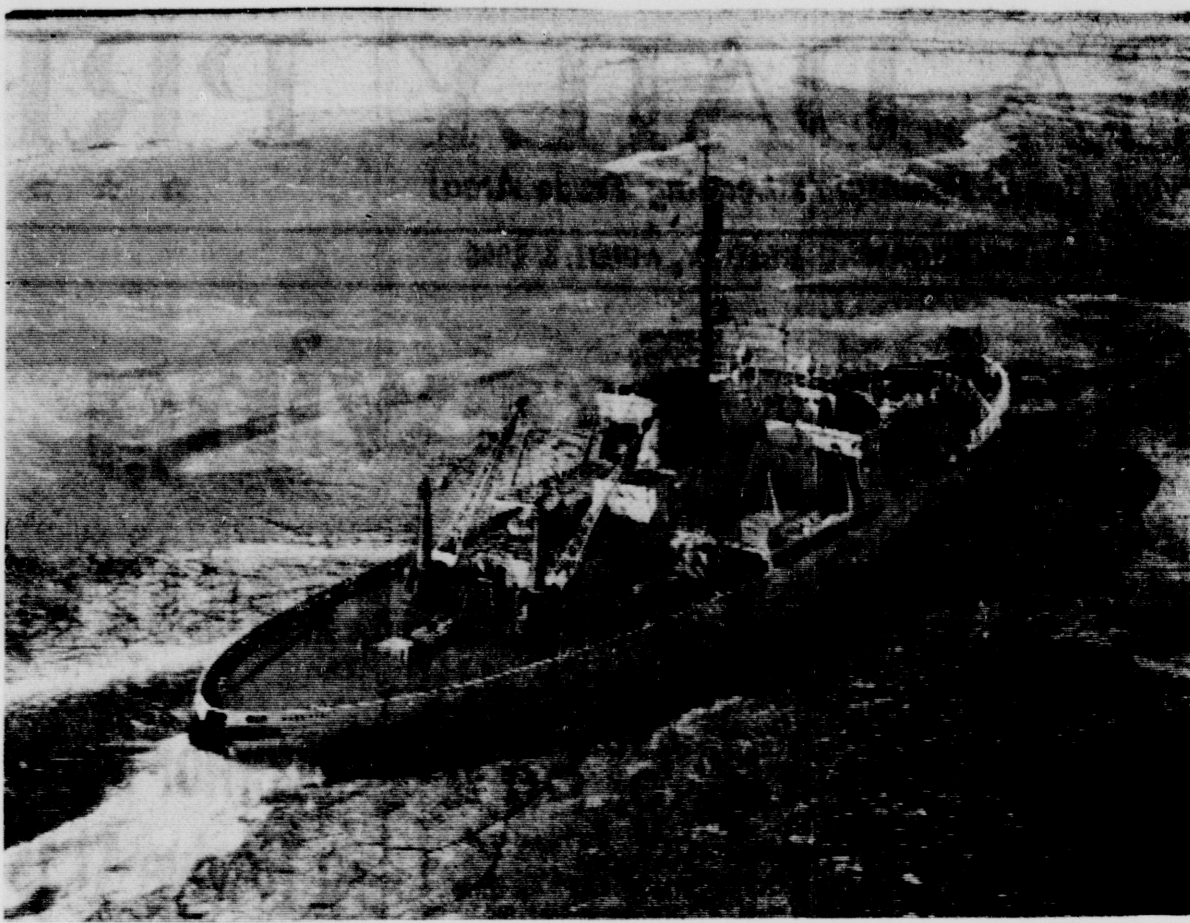

Dock Agent McMillan looks forward to a better shipping season than last year, when the railroad was put out of operation for 30 days by a telegraphers strike. Last year 4,771,782 tons of ore were shipped compared to the best year of 1960 with 6,571,508 tons.

In addition the new Groveland plant north of Iron Mountain began producing pelletized ore March 18 and is expected to ship pellets through Escanaba. Last season Groveland shipped 300,000 tons of concentrated ore or "fines". Low grade ore processing is also to start at the old Empire Mine location at Palmer in November, with shipping of pellets to Escanaba beginning next year.

Arrival of the Mackinaw this coming weekend will clear channels to seven fuel oil terminals on Little Bay de Noc, including one (Wade Corp.) which pumps jet fuel through a pipeline to K. I. Sawyer Air Force Base 50 miles northwest to keep the military planes flying.

## Pine Ridge PTA Holds Meeting

Pine Ridge P. T. A. held its monthly meeting last evening at the school with Mrs. John Chernick presiding. Reports were approved and the unit voted a \$5 donation toward sending a Council delegate to the Michigan Congress of Parents and Teachers sessions. Mrs. Glenn Ahlin was named to the Centennial committee. Installation of officers was conducted by Mrs. Carlton Johnson, Area Council president. The program of skits was presented by Walter Mokszyczyk and his Cub Scouts of Pine Ridge and Ford River.

The U. S. Coast Guard Cutter Mackinaw is scheduled to enter Little Bay de Noc Saturday to break open shipping channels for the 1963 season. The cutter is 290 feet long and has been breaking ice on the Great Lakes since 1944.

# Mining Valuation Dip Creates Huge School Problems

BY JEAN WORTH

LANSING—Ken Schulze, superintendent of Crystal Falls schools, was here seeking a solution to some school problems Thursday.

His problems are rather common in Upper Michigan's iron ranges today. In 1956 the eastern part of Iron County had 6 mines operating: the Cayia, Fortune Lake, Porter-Amasa, Tobin, Book and the Lawrence Mine, on which Fickandis-Mather spent \$1.5 million in modernizing and lifted a few skips of ore and then put on a padlock. Only the Bristol Mine of Inland Steel Co. is operating in eastern Iron County on the Menominee Range today.

When Ken Schulze went to Crystal Falls to head the school system the mining companies paid 77 per cent of the taxes in Crystal Falls Township. They paid a slightly lesser proportion in the City of Crystal Falls. Farther east on the Menominee Range in Kingsford industry paid 72 per cent of the taxes in 1950 and non-industrial assessments 28 per cent. In 1962 Kingsford industries paid 11 per cent of its taxes and non-industrial assessments 89 per cent.

The Crystal Falls school district seems to be losing valuation at the rate of about \$1 million a year because of mining decline. In the school year 1962-63 the valuation was \$11,185,000. For the next year it is \$10,202,000. The valuation was close to \$12 million when the district (Crystal Falls city and township) annexed Mansfield Township and about \$2 million valuation (led by W-M Power Co. hydro-electric plants).

Upper Peninsula school district voters who turn down small millage proposals to finance their schools may note that Crystal Falls allocates 7 mills from the 15 mill property tax for schools and has voted 10 mills extra for operation, so that it is levying 17 mills for schools. This does not produce much revenue because the area has kept assessed valuations so low on non-mining property.

The mining companies have paid the taxes and now that the mining companies are caught in a fierce competitive situation with high quality imported ores and

with high quality beneficiated ores, they can no longer market heavily-taxed natural ores at a profit.

The gravity train has passed. Non-mining properties must now assume more of the tax burden and the jump, to be realistic, must be huge.

The state fire marshal brought Superintendent Schulze's immediate troubles. He ordered school changes at a cost of more than \$100,000 if the school is to continue in use.

What should be done? An committee will study Iron County's school problems and the needs of education there up to 1970. Iron County now has five high schools and a total high school enrollment of about 1,200 students. James Conant, eminent American school planner, figures that that's about enough enrollment for one modern high school.

(There are only four Class A student enrollment of 900 and up) high schools in the Upper Peninsula: at Sault Ste. Marie, Escanaba, Marquette and Menominee.

Iron County planners are asking if it shouldn't have one high school? There are some practical problems of bus distance to be considered in consolidation, but two high schools could serve the county with considerable saving and improvement in program.

And even consolidation won't solve all the problems. "We can't buy quality teaching for the Upper Peninsula," said Schulze "with a starting salary of \$4,500. Even \$4,750 and \$4,800 are too low to make us competitive."

"I was at Central Michigan University, Western, MSU and the University of Michigan in January when starting salaries were listed (in the competition of school systems for teacher graduates.) No starting salaries were less than \$4,700, and there were salaries of \$4,750, \$4,900, \$5,000 and \$5,200. What chance has Walter Bright of Escanaba at Michigan State offering \$4,500 when we're fighting bigger salaries and location and everything else?"

(Escanaba Area School District's starting salary for beginning teachers is \$4,350.)

"At Eastern they said that the expanding school districts in the metropolitan areas could absorb almost every beginning teacher. We need size and we need better salaries to compete for the quality of instruction that we need in the Upper Peninsula."

## Missile Launched

VANDENBERG AIR FORCE BASE, Calif. (AP)—The Air Force launched a Titan intercontinental missile Thursday night.

The Air Force refused to comment other than to say the missile firing was a routine training launch.

# Duchaine Joins State Journal

William J. Duchaine, who ranks with the late John Norton, Ivan English, F. L. Baldwin and E. P. Lott among the greats of Escanaba journalism, is leaving Escanaba.

Duchaine, long time managing editor of the Escanaba Daily Press and later news director of Radio Station WDBC, resigned the latter post a few weeks ago and on Thursday was engaged as a member of the staff of the Lansing State Journal. He will take up his new duties in Lansing a week from Monday.

He was engaged Thursday by Publisher Louis Weil after an interview in Lansing arranged by Charles Larson, whom Duchaine brought to the Escanaba Daily Press staff years ago after service as its Rock correspondent, and by Kenneth Gunderman, who succeeded Duchaine as editor of the Press. Gunderman joined the Press staff after serving after school hours as a high school sports reporter under Editor Hal Rammel.

Larson is now assistant city editor of the Lansing State Journal and Gunderman is its Sunday editor. Duchaine, who will face mandatory retirement for age at 65 in two and a half years, will be a general assignment writer on the Journal and a feature writer for its Sunday edition.

A native of Gladstone, he was hired by Press Publisher John Norton, founder of the paper, as "that young man from Carroll's Corners," where the Duchaine family lived for a time. Duchaine, in a time when reporters could get a job sight unseen by answering ads in the Publishers Auxiliary, worked as a reporter on the Oconto Reporter - Enterprise in 1922, and began his Escanaba Morning Press career as night telegraph editor in 1925. He also served on newspapers in Niles, Ohio, where he covered the performance of the Notre Dame University Glee Club and was surprised to find it managed by his home townsmen, Victor Lemmer; in Mattoon, Ill.; Danville, Ill., on the Marinette Eagle-Star, in Las Cruces, New Mexico, and on a trade journal in Chicago.

In 1927 he returned to the Escanaba Press and served it until 1952, advancing to editor. He left to join the American Playgraph Device Co., of Anderson, Ind., which had bought the town of Nahma as a manufacturing site because of an article, "A Town For Sale," which Duchaine wrote for the Wall Street Journal after the Bay de Noquet Lumber Co. had ceased operations there and offered the property for sale.

After a year and a half with the Playgraph Device Co., Duchaine rejoined Frank and George Lindenthal, with whom he had been associated on the Press, on the staff of Radio Station WDBC, as its news director. He continued in that employment, through a change of ownership until a few weeks ago.

Registration for the contest will begin at 1 p. m. and the competitions will start promptly at 1:45 p. m.

Judging will be based on construction of the kites; handling; and overall performance. Prizes will be awarded the winners.

In the event of inclement weather the contest will be rescheduled.

## Film Program Sunday Night At First Methodist

First Methodist Church will conclude its Sunday evening Lenten services with the showing of an hour-long film, "Preacher's Kid," at 6:30 on Palm Sunday, April 7.

A brief worship period will be conducted by the pastor, the Rev. J. Bruce Brown and the evening will close with a fellowship hour sponsored by Sara-Hope Circle.

Produced by Gospel Films, Inc., "Preacher's Kid" is a "humorous, whimsical, and heartwarming tale which conveys an unforgettable spiritual impact," a story of youthful rebellion, compounded by a sharp-tongued community gossip, that develops into understanding and insight among many people.

All members and friends of the church are cordially invited to share in this service.

## Bridal Shower For Miss Moreau

Mrs. Ernest Erickson, 929 Sheridan Road, was hostess at a bridal kitchen shower at her home Thursday evening, honoring Miss Sandra Moreau.

Games were played and a party lunch was served with a white cake topped by a miniature bride and groom. The centerpiece of the attractively decorated table, Mrs. Marvin Mylander poured. Guest prize was presented to Mrs. Charles Buckland.

Miss Moreau will become the bride of John Dion in an April 27 ceremony at St. Thomas the Apostle Church in Escanaba.

# Foreign Students Coming To U. P. On Field Projects

Eight Michigan State University foreign students will be in the Upper Peninsula April 8 through May 18 participating in a unique two-way field assignment. The students, who are education administrators and community development specialists from the Philippines, India, Thailand and Poland, hope to benefit by observing and participating in community development projects in the U. P.

In return, the participants, some of whom are working on their doctoral degrees, will complete work assignments for U. P. communities.

Three current or former U. P. residents recently conducted a seminar on MSU's campus to acquaint the group with the Peninsula. Conducting the seminar were: Ray Gummerson, who is extension agent for Luce County; August Blome, Iron County 4-H Club Agent and Jack Swartz, former secretary of the Escanaba Chamber of Commerce and now a graduate student at MSU.

William Veaser, Houghton, vice president of the U. P. Power Co., is currently conducting a campus seminar to acquaint the group with land ownership, control and use in the U. P.

While in the Peninsula, the group will tour and work in nearly every county. Special seminars have been arranged on the campuses of Michigan Tech and Northern Michigan University during the six-week field assignment.

## Local Men Plan Store At Gwinn

Gordon Bean and John Daily, co-owners of the Shopper's Town Store in Escanaba, today announced they are opening a second store in the Upper Peninsula, at Gwinn, within the next two weeks.

The new store, also to be known as Shopper's town, will occupy the building formerly housing the Consolidated Lumber & Fuel Co., of Gwinn and is located across the street from the new high school.

Bean said the building is fairly new and offers floor space 35 x 75 feet. "We will carry primarily all the same merchandise we offer at our Escanaba store. We also plan on holding a grand opening about May 1," he said.

According to Bean, both he and Daily will alternate on managing the new store, which will be opened to shoppers from 9 a. m., to 9 p. m., seven days a week.

## Officers Named At Meeting Of St. Anne Alumni

The Board of Directors of St. Anne's School Alumni Association held its annual election of officers last night.

Ernest Beauchamp was elected chairman and John Sankovitch was elected vice chairman. Elaine DeGrand was reelected to a second term as treasurer and Rosemary Morrow was reelected to a fifth term as secretary.

The directors welcomed newly elected members John Fisher, Mrs. Francis D'Amour, John Sankovitch, Mary Westerberg and Mrs. Donald Meunier.

A discussion was held pertaining to the projects of the Association for the new year and extensive plans were made toward the annual alumni picnic to be held June 16 at Pioneer Trail Park. A special meeting of the picnic committee was called for Monday evening, April 8, at St. Anne rectory.

## Germfask

## Wells PTA Unit Names Officers For Coming Year

WELLS—Election of officers was held at the last P. T. A. meeting of the year, held Tuesday evening at the Wells Central School.

They are: president, Mrs. Eugene Ecklund; 1st vice president, Mrs. Ralph Sturdy; 2nd vice president, Mrs. Clifford Larson; secretary, Mrs. Edward O'Connell; treasurer, Mrs. George Semmens. George Semmens presented an interesting and well received program on Forest Service work which included a film on "Tree Genetics". Miss McDonough's fourth grade won the room award.

Lunch was served by first grade mothers, Mrs. Kenneth Rian, Mrs. Gerald Potvin, Mrs. Grant Sovey, and Mrs. Robert Larson.

## H. J. LaPorte Jr. Dies Suddenly In Appleton, Wis.

Hubert J. LaPorte Jr., 30, of Appleton, died suddenly Monday the day after his first son, David, was born. He was a former resident of Escanaba and had lived in Appleton for the past 13 years.

Mr. LaPorte was born April 2, 1932 in Wausau, Wis., and was a son of Mr. and Mrs. Hubert LaPorte Sr., also of Appleton.

Also surviving are his wife, Patricia; one daughter, Ann, at home; one brother, Capt. James LaPorte, Ft. Clayton, Panama Canal Zone; one sister, Mrs. Robert Groves, Appleton and a half-sister, Mrs. Bertil Anderson, Escanaba.

The Bertil Andersons and his uncle, Mr. and Mrs. Ray LaPorte and Mr. and Mrs. Robert LaPorte, of Escanaba attended the funeral services Thursday at Sacred Heart Catholic Church. Burial was in St. Joseph Cemetery in Appleton.

## Briefly Told

The Circle 4-H Riding Club will meet at 7:30 p. m. today at the V. F. W. Hall.

(Lee's Studio)

The two final candidates entered in the Escanaba Centennial Queen's Contest are Bonnie Carlson (right) and Sharon LeMay. Miss Carlson is the 18-year-old daughter of Mrs. Harold Carlson, 920 S. 15th St. Mr. and Mrs. Stanley LeMay, Willow Creek Road, are Miss LeMay's parents. She is a sophomore at Holy Name High School. There are 24 contestants entered in the contest and

the finalists will be selected Sunday at a luncheon to be held at the House of Ludington. The finalists will be announced Sunday afternoon following the judging at the Chamber of Commerce building after the luncheon. Pictures of all 24 candidates are on display at Goodman's Drug Store, 1018 Ludington St.

## NEWBERRY

### Open House Sunday At New Trinity Church

NEWBERRY—The people of the community are invited to an open house Palm Sunday, from 2 to 5 p. m., in the new Trinity Lutheran Church, 711 Newberry Ave. Tours of the building will be given along with explanations of its design, and coffee will be served.

The public is also welcome to the Entrance Service at 10:30 a. m., which begins in the old church. After the sermon by Pastor Warren L. Paulson, there will be a procession to the new church for the door opening ceremony and conclusion of the service. Officers of the congregation and members of the various boards and committees will carry the altar vessels to the new church.

Other services during Holy Week include a Lenten service with object talk Wednesday, and a Good Friday Communion Service, both at 7:30 p. m. The Easter Service will be at 10:30 a. m.

Dedication services with guest speakers, and a banquet are planned for April 21.

The new Trinity Lutheran Church was designed by Robert Kunev of Somers, Wis., a student of the late Frank Lloyd Wright. Much of the material and labor were obtained locally. Members of the congregation did the finishing work in the basement and installed the pews. The congregation undertook this building project because of crowded conditions at services and fellowship gatherings and because space was needed for growth.

The church is of contemporary design. The structure is 62 feet long, 47 feet wide, and 40 feet high. It is constructed of concrete blocks, brick veneer, laminated arches, and wood decking. A three zone, standing radiation, heating system has been installed. Diamond projections are carried out both in the building and

## Dryer Rider Fined

## WHY ARE PLYMOUTH SALES 41% AHEAD OF LAST YEAR?

One good reason: Plymouth's new 5-year/50,000-mile warranty\*

We knew we had a hot car the instant we saw it. Then, when the new warranty was announced, we were doubly sure of success. Success like 41% ahead of the 1962 models, according to the latest available national sales figures.

\* Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair, without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter; drive shaft; universal joints (excluding dust covers); rear axle and differential; and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules.

BIG SALES MEAN BIG STOCKS OF USED CARS! We've taken so many good used cars in trade on '63 Plymouths that we've slashed prices to move them fast. We're the people to see for a good used car.

## ARA From Inside

Wilfred C. Leland, of Washington, D.C., chief of the Lake States Division of the Area Redevelopment Administration of the U.S. Department of Commerce, was in the Upper Peninsula last week for a meeting with UPCAP (Upper Peninsula Committee on Area Problems) and the visit provided an opportunity to question him about ARA from the inside view.

The communities of the Upper Peninsula see ARA from the outside, asking it for the federal aid which it was created to dispense. Since it never has enough money to satisfy all the applicants it pushes self-help by communities and gives its grants and loans where it thinks they do most good. This newspaper has been editorially critical of ARA's loans to two big motel projects downstate as being questionable on the point of ARA's function to make jobs.

Leland pointed out that ARA initiates no projects, only acts upon those initiated by others has only powers of approval or rejection. The motel projects at Detroit and Port Huron had the endorsement of local civic planners, he said. The Detroit project was supported by Walker Cislser, civic leader and co-director of Operation Action-U.P., because it would help expand the convention capacity of nearby Cobo Hall and thus contribute to job-making.

"Our top people are concerned about so many projects of this type," Leland said. "They're not industrial. But we can't tell people what to borrow money for."

Leland said that most areas which seek ARA help are in difficulty because of declining employment opportunities. "The problem is technical as much as anything else. In Southern Illinois there is an employment problem. They are getting out as much coal as they used to, but the process is mechanized, so it makes fewer jobs."

This same factor has reduced employment in the Upper Peninsula's extractive industries like logging and mining.

Congress created ARA to help areas redevelop themselves. The Upper Peninsula is eligible for the full treatment. ARA's tools are:

1. Loans to industries and businesses. It puts up 65 per cent of the cost of land, buildings or equipment to expand a plant or create a new one; with interest at 4 per cent on loans up to 25 years. ARA will take a second mortgage behind a bank loan if necessary.

2. Assistance to communities. It'll make loans or grants for projects like water or sewer lines if a commercial benefit (jobs) will result.

3. Technical assistance. Under this program ARA provided the services of Robert Nathan Associates for the Upper Peninsula Committee on Area Problems. This is the program under which ARA is being asked to aid U.P. projects to develop the Lake Superior cisco industry, iron ore beneficiation, an aerial photo report on the forest resource, tourist industry development.

4. Retraining program. If new employment opportunities develop in an area ARA can retrain workers for new employment. The Manpower Training Act also sets up a retaining service with longer benefits but persons have to be unemployed. The ARA program is more flexible but more limited. The Labor Department administers both plans and Northern Michigan University offers both.

Government efforts to stimulate the economy are resented in many places. In others they are believed ineffective. Certainly they are expensive. And quite obviously they are with us and will likely remain and increase. The need, then, is to make them effective.

They flourish in the vacuums where private enterprise does not venture, attempting to provide jobs for the unemployed, and other public needs. Such programs at their best create working teams of local leadership and use local resources — financial, physical and human. The Upper Peninsula, with a big need for investment, turns naturally to ARA for aid in this field and the process is helpful in the organization of local venture, which may in some situations find private aid as readily as government help.

Leland has a good understanding of the Upper Peninsula problem and sound development projects can expect a fair hearing under his administration.

## Friends Don't Know Us

That the Russians, the Red Chinese and other Communists have some weird notions of us is to be expected, since their propagandists specialize in peddling false information about everything.

What is more astonishing is the depth of ignorance about us which is found in Western Europe, Asia, Africa and Latin America.

Edward R. Murrow, director of the U.S. Information Agency, documents this ignorance.

We think our moral tone has slipped in recent decades. But some foreigners find us unbelievably moral.

They do not understand how we can leave coins "out in the open" at street corner newsstands, or why we wait patiently at unattended stoplights. (Frenchmen, for instance, often run on the red if no one is around.)

They are baffled to hear that most Americans really pay their taxes and, of their own experience, they can't believe these monies reach the federal treasury without being sluiced off.

Yet the open intermingling of the sexes which is common to our life is read by many foreigners as incontrovertible proof of promiscuity. Some who visit here take pains, therefore, not to be left alone with an individual of the opposite sex.

Since they have no comparative model of modern capitalism, many are inclined to disbelieve what they see of our economy here. They filter the evidence through 19th century glasses.

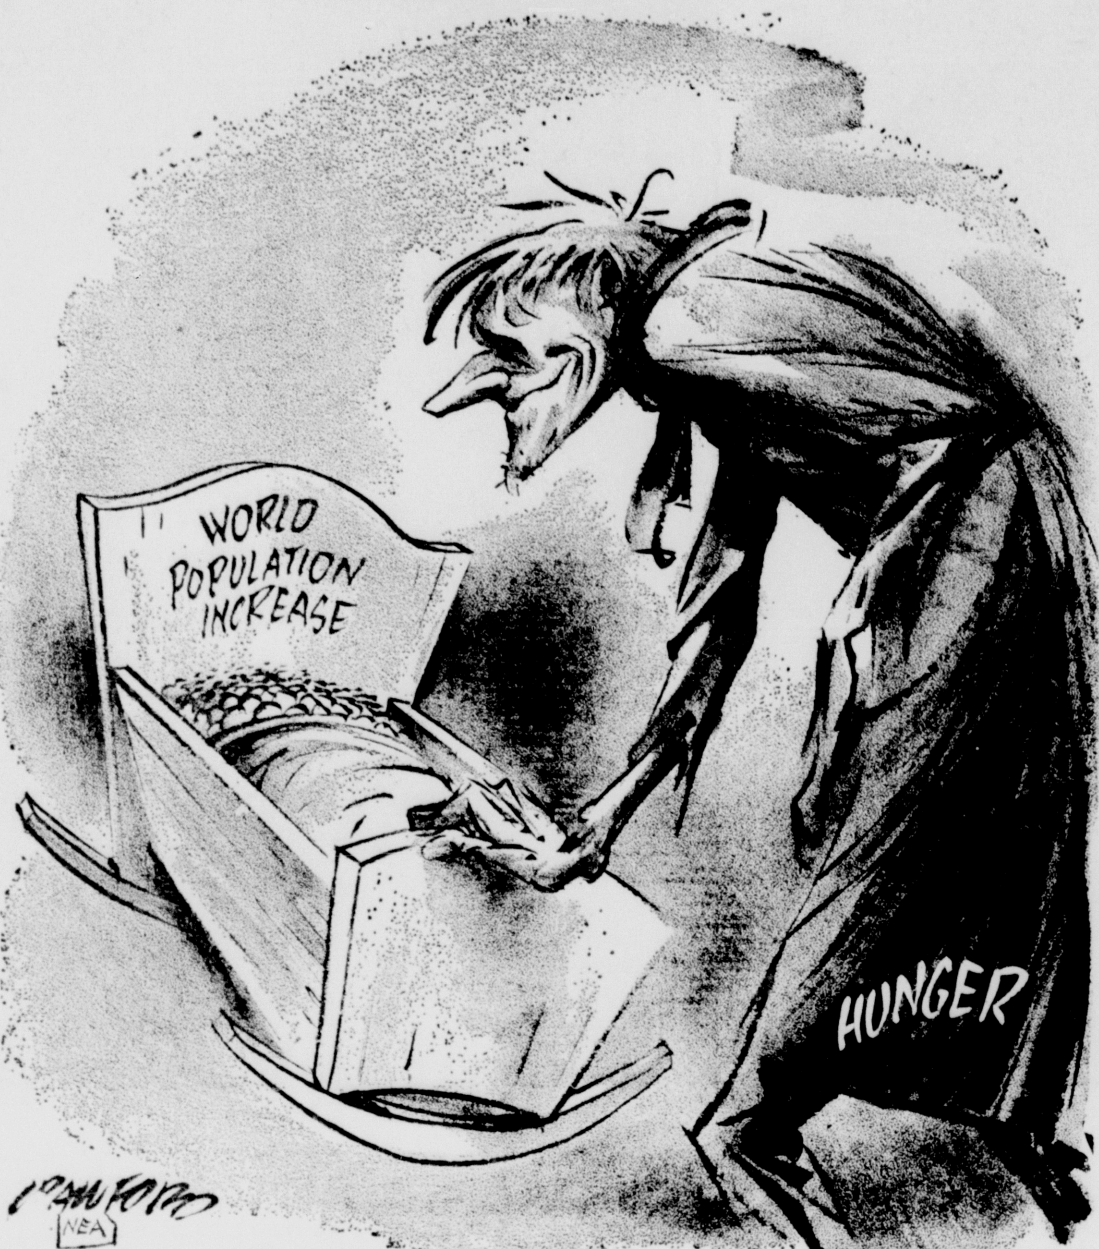

It goes without saying they do not understand our system of government, with its curious checks and balances. The 50-state federal system is even more confusing. In most foreign lands, a provincial leader, comparable to our governors, would be quickly sacked if he spoke out as some of ours do.

A system of politics which fills the air with hostile criticisms but puts everybody behind the President on the big national matters is too much for many foreigners to figure.

We mutter about "managed news." They wonder why the USIA is not in full control of what the press puts out. And, oddly, they puzzle over why so many millions of Americans jump into all kinds of voluntary programs. A common approach elsewhere seems to be, don't pitch in unless you are compelled.

The jets have telescoped time and reduced the oceans to akes. Yet the gulf among humans of differing cultures remains immense. Our friends appear to know us little better than the enemies who deliberately try not to.

## The Hand That Rocks

## Edson In Washington

By PETER EDSON

WASHINGTON — (N E A) — House Democrats have done a complete turnaround in the case of Rep. Adam Clayton Powell, D-N. Y., chairman of the Committee on Education and Labor.

The majority party has closed ranks in support of its often-far-and-awayward colleague, and the case is closed. He gets off without even a slap on the wrist.

True, funds for operation of the committee he heads have been cut by about 40 per cent to \$200,000 for this year. And the chairman has been limited to control over a mere \$50,000.

But the cuts can be restored next year after all the furor is forgotten.

When Sen. John J. Williams, R-Del., first recited chapter and verse into the Congressional Record on the New York congressman, it looked as though the Democrats had a first class scandal on their hands.

To maintain any kind of a reputation for ethical conduct and clean party government, an example would have to be made of Powell. This was freely discussed in party councils, although there were no very firm ideas of what punishment would fit or how it would be administered.

Then it began to be apparent there were a hundred or more congressmen who also were guilty of the more spectacular old charges Williams had enumerated — travel abroad on government-funded foreign currencies and putting relatives on the government payroll.

Since that time the Congressional Record has carried a number of reports from both Senate and House committee chairmen, listing in great detail the foreign moneys spent in each country visited by their members and staffs.

So far there has been no case of a congressman's conscience bothering him to such an extent

that he has refunded these advances. But even forced confessions are good for a legislator's soul and make good reading.

But if one congressman were to be made the villain for free and easy ways with public funds, then all would merit the same treatment. So none has been chastised. Or will be.

Democrats in both the Senate and the House came to the support of their errant club member as a great leader of his people — with an awful lot of power and seniority. So ignore the whole business, and just hope that the taxpayers and the voters will soon forget it all.

Oh, there are several efforts being made to remove the cause of this temptation by bringing counter-terp travel funds for congressmen under a little tighter control next year.

But along with that, Congress also is talking about raising its own pay, increasing its own U. S. travel allowances, increasing each congressman's staff and giving his top assistant a raise, too. So what is gained?

There also was a move on to split the 31-member Education and Labor Committee into two committees of 25 members each. This was proposed by Rep. Phil M. Landrum, D-Ga., third ranking member of the present committee.

But the House Rules Committee which has first say on such matters, has just decided to defer action. Because, as its chairman, Judge Howard Smith, D-Va., announced, "We just didn't want to hurt anyone's feelings."

This touch of tenderness from the usually hard-boiled Rules Committee is a trait few Washington observers seem to have known was there.

It must be recognized, of course that Powell is not only a congressman from Harlem, but also is political boss of his district and

a big man to all voters of his race.

The Democratic party needs those voters. It needs them especially in New York state. It can use them anywhere.

The national leadership of the party is doing everything it can to get more Negro voters registered in the South and see that they vote.

The long run objective, obviously, is to hold the South for the party, even if the day should ever come when a majority of its present voters should go all the way Republican. That's politics.

## So They Say

I sometimes get the impression Sen. Goldwater thinks our enemy is not Khrushchev or Mao Tse-tung or Castro, but John F. Kennedy. — Sen. Morris K. Udall, D-Ariz., teasing off on fellow Arizona and outspoken administration critic, GOP Sen. Barry Goldwater.

I hear so much about America's natural beauty; I want to see some of it. And I want to talk to the American people." — French Princess Pauline Murat, touring the U.S.

## BARBS

Geometry teaches us that a straight line is a curve. This explains the basic cause of triangles. Too many curves.

If everybody paid his bills it would dis-credit prosperity.

Joe Anderson, Gladstone middleweight boxer, is scheduled for a match against Luke Ebel of Milwaukee at Green Bay tomorrow night.

Secretaries were invented before spelling books. There's no other way to explain it.

A well-adjusted person sees everybody's mistakes, including his own.

Dashell Hammett, American mystery writer who created Sam Spade and the Thin Man, worked for eight years for Pinkerton's Detective Agency, according to the Encyclopedia Britannica.

## The Doctor Says:

### No Cream Will Erase Wrinkles

By Dr. Wayne G. Brandstadt, M.D.

Q — What do you think of a cream containing quicksilver for removing wrinkles?

A — Every remedy under the sun has been tried for wrinkles and the results of all, when carefully analyzed, have been disappointing. Wrinkles result from the loss of fatty tissue in the deep layers of the skin. They occur where the skin has been subjected year after year to creasing. No kind of cream can possibly restore the youthful texture to those deep layers and some of the hormonal products that have been widely advertised have been found to be harmful in that the hormones are absorbed into the blood and cause a hormonal imbalance.

A face-lifting operation by a skilled plastic surgeon is the only real wrinkle remover. Even such an operation is of limited value because the forces that caused the wrinkles in the first place will cause them to return.

Q — Please advise me who to see to treat Addison's disease. Also how to find a good urologist.

A — Your family doctor should be able to direct you to an endocrinologist for your Addison's disease and also to a urologist. If you do not have a family doctor (and everyone should have) call your county medical society and they will give you the names of one or more competent specialists in any field.

Q — The doctor told us that our 17-year-old daughter has nontropical sprue. What is it and can she be cured?

A — Sprue is caused by an im-

pairment of function in the digestive tract due to a deficiency of some part of the vitamin B complex. It is likely to be chronic but proper treatment will keep it under control. The usual symptoms are loss of appetite, gaseous distention of the abdomen, and copious bowel movements which may be frothy. In untreated cases there is a loss of weight and anemia. Until more is known about the cause, the whole vitamin B complex should be given. According to recent reports a gluten-free diet also is helpful. Gluten is found in wheat and wheat products.

O — We keep three large-leaved plants in our home. In winter, to keep our house insulated against the cold, we put on storm doors and windows. I wonder whether these plants drain the oxygen from the inside air and make us more susceptible to respiratory disease.

A — Any form of life that breathes in oxygen and gives off carbon dioxide is animal. Plants absorb carbon dioxide from the air, convert the carbon into cellulose, and give off oxygen as a waste product. Plants, therefore, could not possibly jeopardize your health in this way.

Please send your questions and comments to Dr. Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

## LEGAL NOTICES

March 29, 1963 April 12, 1963  
STATE OF MICHIGAN  
File No. 13003  
The Probate Court for the County of Delta.

In the Matter of the Estate of Lillian Embs, Deceased.  
At a session of said Court, held on March 22, A. D. 1963.  
Present, Honorable Marie D. Peters, Judge of Probate.

Notice is Hereby Given, That the petition of Harold A. Embs praying that the instrument filed in said Court be admitted to probate as the Last Will and Testament of said deceased, that administration of said estate be granted to Caroline J. Holt or some other suitable person, and that the heirs of said deceased be determined will be heard at the Probate Court on April 23, 1963, at ten A. M.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail (with proof of mailing), or by personal service at least fourteen (14) days prior to such hearing.

## Memory Lane

By J. R. LOWELL

Ten Years Ago

Mr. and Mrs. Erick Gabrielson, senior members of a widely known Gladstone family, are observing their golden wedding anniversary today. Open house is being held at their new home on Gladstone Rte. 1.

Louis Sorgenfrei, a member of the Rapid River fire department, was seriously injured when he fell from a fire truck that was answering a call to a grass fire. Grass fires have been very numerous this spring, most of them along highways.

New 4-H clubs are being organized at Stonington, Rock, Perkins and Fayette. Fred Bernhardt, county club leader, announces.

Twenty Years Ago  
The gale that struck the Escanaba area yesterday afternoon did considerable damage in various parts of the city. The most severe destruction was a large section of the roof of the grandstand at the fairgrounds.

C. P. Titus, present school commissioner, was elected again, but by a very narrow margin over John Groop. This was the chief point of local interest in the current spring election. Statewide, Republican candidates all scored heavily over their Democratic opponents.

In the Gladstone municipal election last Tuesday, Joseph LaFramboise and August Olson were elected city commissioners.

Thirty Years Ago  
In the current city election at Gladstone, the voters turned down an appropriation for the municipal band, but band members have declared that they will conduct concerts this summer in spite of the setback.

A Theodore Sohlerberg, Gladstone justice of the peace, realtor and insurance man, takes time out once in a while to write poetry. His poem, "Roads" appears in the current issue of "Inspiration," a magazine of nationwide circulation, devoted exclusively to poetry.

Joe Anderson, Gladstone middleweight boxer, is scheduled for a match against Luke Ebel of Milwaukee at Green Bay tomorrow night.

DETECTIVE WRITER  
Dashell Hammett, American mystery writer who created Sam Spade and the Thin Man, worked for eight years for Pinkerton's Detective Agency, according to the Encyclopedia Britannica.

## TRAINED GUN HANDLERS

SACRAMENTO, Calif. (AP)—Another 25,000 California youngsters were taught the fundamentals of safe gun handling in 1962, the state Department of Fish and Game reported.

That brought the total trained to 245,149 youths since the program started in 1954.

All under 15 must take the course before they can apply for their first California hunting license.

### MARTIN BROS.

1210 Ludington St. Escanaba Phone ST 6-0601

One facet of style show at the Newcomer's Club "Facets of Fashion" was after five attire. Shown here from left are Sandy Makinen wearing a party dress of yellow chiffon with a matching lace jacket that features a boat neckline and three-quarter length sleeves. Lora Thorin showed sea blue mohair coat with short

sleeves and rolled collar. The coat is worn over a seablue and green silk print sheath. A shantung cloche with black pumps and a matching bag complete the outfit. Gittie Theisen was the Centennial Belle at the style show in this lavender dotted swiss gown that must have been perfect for after five wear in 1963. The gown

is trimmed in black fringe and the matching hat has an open crown with a wide ruffled brim. A flowered print sheath with a front panel that gives a wrap effect was worn by Vera Clairmont. It is pure silk and was designed with a scoop neckline and short sleeves. With it she wore nude patent and calfskin pumps and a

matching bag. A beige knit that has the look of crochet was shown by Helen Appel with a high crown hat and a perky brown and beige flower on the brim. The dress is styled with a V-neck, short sleeves and a tie belt. (Daily Press Photos)

## Potluck Supper Meeting For St. Anne's Club

St. Anne's Social Club held its annual potluck supper Wednesday evening in the church hall. Members were seated at tables gaily decorated with a spring flower motif.

The business meeting was conducted by Mrs. Lucian S. Malinowski, vice president, in the absence of the president, Mrs. John Sinkovitch, who is convalescing from illness.

Announcement was made of the annual convention of Marquette Diocesan Council of Catholic Women to be held April 27-28 in Houghton. A delegate will be appointed to represent St. Anne's Club.

The potluck and social following it were arranged by Mrs. D. H. Lord and Mrs. John Sauve, co-chairmen, assisted by their committee, Mesdames Rose Coulan, John Kintziger, Walter Snyder, George Belanger, Axel Olson, Wilfred Trudell, Edith Berrian, F. J. D'Amour, William Morrow, A. Janchenko, William Creten, James Pascoe Sr., James Houle, Del LaCombe and L. Pintal.

A Communion breakfast served recently was arranged by co-chairmen, Mrs. Carl Westerberg, and Mrs. Alfred LaBranche, assisted by their able committee.

## Story Time At Library Saturday

Story Time will be held at 10 a. m., Saturday in the Children's Room of Carnegie Public Library, 1110 N. 18th St. The infant, born April 4 at 10:34 a. m. at St. Francis Hospital, weighed 7 pounds and 6 ounces. The mother is the former Helen Schroeder.

## Holy Family Court, WCOF Elects Officers

Officers for the new year, headed by Mrs. Clara Garrett, chief ranger, were elected at a recent meeting of Holy Family Court, WCOF, held at the home of Mrs. Mary Sendenburgh.

Vice chief ranger is Mrs. Winifred Blazek; recording secretary, Mrs. Marion Tobin; financial secretary and treasurer, Mrs. Tom McDonough; trustee, Mrs. Mary Dwyer; sentinels, Mrs. Julia Sullivan and Mrs. Anna Molloy.

The Rt. Rev. Msgr. Martin B. Melican is chaplain and spiritual director.

Recently was arranged by co-chairmen, Mrs. Carl Westerberg, and Mrs. Alfred LaBranche, assisted by their able committee.

## Births

COLLEGNON — A daughter, Pamela Jean, is the first child of Mr. and Mrs. David L. Collegnon, 1110 N. 18th St. The infant, born April 4 at 10:34 a. m. at St. Francis Hospital, weighed 7 pounds and 6 ounces. The mother is the former Helen Schroeder.

FRIZZELL — Mr. and Mrs. David A. Frizzell, Rapid River, welcomed their first child April 4, a son, weighing 8 pounds and 14 ounces, born at 1:28 p. m. at St. Francis Hospital. The baby's name is Paul David. Mrs. Frizzell is the former Carol Carlson.

FLATH — Mr. and Mrs. Bill J. Flath, Escanaba, Rte. 1, are the parents of a son, Michael Joseph, weighing 3 pounds and 3 ounces, born at 12:45 a. m. today, April 5, at St. Francis Hospital. The infant is their second child. Mrs. Flath was Fay King.

JOHNSON — The first child of Mr. and Mrs. Newton M. Johnson, Gladstone Rte. 1, is a son, weighing 8 pounds and 6 ounces, born today, April 5, at 5:21 a. m. at St. Francis Hospital. Mrs. Johnson was Janice Switzer before her marriage.

LORENSEN — Mr. and Mrs. Myron W. Lorensen, 915 Superior Ave., Gladstone, are the parents of a daughter, born today, April 5, at 7:50 a. m. at St. Francis Hospital. The infant, fourth child in the family, weighed 9 pounds. The mother is the former May Knout.

Ann Landers

# Too Much Music

Dear Ann Landers: They say children can be terribly cruel. Well, how about adults who should know better?

Our child was in an accordion recital last week. Seventy students appeared on the program—not a single child was left out. They all practiced hard on their little numbers and I'm sure every mother and father felt in his heart that his child was a star.

The teacher rented a hall for the recital. There was no admission charge. It could have been a lovely evening, but the adults ruined it. Most of the parents waited only to hear their own child perform, then they marched out of the hall.

The program wasn't boring. There was a good variety of numbers—waltzes, polkas, rock and roll, light opera and boogie-woogie. Our child was next to the last to perform and my husband and I were almost the only ones left in the hall. Comment, please.—DESERTED

Dear Deserter: It was extremely rude of the parents to leave with their children before the others had a chance to perform. But this story has another side.

I enjoy accordion music as well as the next person, but I would not wish to listen to 70 numbers—even if Lawrence Welk was playing.

Next year let's hope the teacher schedules two recital nights. Duets and quartettes would help, too.

Dear Ann Landers: My husband and I were never blessed with children of our own but our nieces and nephews were like sons and daughters. We even helped three boys and a girl through college which was quite remarkable, because my husband has always been on a small salary.

Now we are in our mid-sixties and trying to make ends meet on a modest pension.

Our nieces and nephews are grown and doing well financially. Their children are like grandchildren to us. And this is where the problem comes in.

Our home is large and we live near two schools. It's convenient to drop off the kids for supper, for the night, or for the weekend. We are never without three or four extra at every meal.

Last weekend groceries cost us \$58. We had 11 to dinner Friday, 14 on Saturday and 20 on Sunday. The kids drank eight gallons of milk. We love them but we just can't afford to feed them. What shall we do?—AUNT KATE

Dear Aunt: Apparently your nieces and nephews are not bashful about unloading their children. Be equally frank with them.

Suggest that when they drop off the kids they also drop off a few gallons of milk, some lamb chops, steaks, hamburger, fresh fruit and vegetables.

Dear Ann Landers: Curtis and I have gone together for over a year. The wedding date is set for June.

"It's bad to act like a fool, but it's worse when you're not acting."

July. My problem is his family. Whenever we go to Curtis' home his mother and sister manage to turn the conversation around to Liz—the girl Curtis used to go with. (She married someone else.) Liz, of course, was beautiful, brilliant, talented, witty and came from a fine family. I can offer him none of these things, but I DO have a good job, which is what counts right now—since Curtis wants to get his master's degree this year and has to go to school full time to do it.

Last night his mother called me Liz three times. Nobody batted an eyelash. I am sick of all this but don't know what to do about it. Help me, please—PLAIN JANE

Dear Jane: And pray tell where is Curtis when all this is going on? Out to lunch?

Tell him you're bored with the broken record. Ask him to tell his mother and sister to change the needle—and you do mean needle.

\*\*\*

To learn the difference between a marriage that "settles down" and one that "gets dull," send for ANN LANDERS' booklet, "What To Expect From Marriage," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

STATE LEGISLATURES

Some state legislatures meet annually, while others meet every two years, but any of these state legislatures may be called into special session when the need arises.

## New Officer Assigned Here

Chief Engineer Daniel J. Ferguson of Vancouver, Wash., has been appointed as officer in charge of the U. S. Coast Guard's light station at Escanaba, it was announced today.

Ferguson replaces Lloyd Barnes, who was recently transferred to the Munising light station, after a 23-month tour of duty in Escanaba.

Chief Ferguson was actually born in Chicago, but he and his wife call Vancouver their home. "I met my wife while I was on the west coast (Mrs. Ferguson is from Spokane) and we both liked the country around Vancouver and decided to make it our home there. We have a home in Vancouver which we intend to return to some day," he said.

Until the new officer was transferred to Michigan he had spent most of his time on sea duty. He has been in numerous ports such as Alaska, the Bahamas, Aleutian Islands, Asia, most everywhere excepting Europe. Wherever possible his family moved with him and established residence

## Louis Pach Wins Academic Honors

One hundred and 17 Western Michigan University students at Kalamazoo have been cited for academic excellence during the fall semester, according to Registrar Clayton J. Maus. Nineteen students received all-A grades for the semester, the remainder boasting 3.64 averages or better.

Among the high scholarship students is Louis Walter Pach, son of Mr. and Mrs. Walter Pach, 514 S. 18th St., Escanaba. He is the advertising manager of the student newspaper, a member of the Honorary Accounting Society and Alpha Kappa Psi (business) Fraternity. Louis is a junior in the business administration curriculum.

In 1961 Chief Ferguson was transferred to Michigan and assigned to Escanaba where he remained until September of last year when they moved him to the Huron Island light station on Lake Superior.

The Ferguson's arrived here on Thanksgiving Day from Hawaii. "I don't have to tell you that was quite a change from what we were used to, but we certainly do like Escanaba now that we've been here a while. We think it's about the nicest small town we've been in, and the country is very much like Vancouver," said Chief Ferguson.

Chief and Mrs. Ferguson have three children, Diana, 14, Daniel, 7 and Ivan 6 years old.

## Increase Denied For Blue Shield

LANSING (AP) — Insurance Commissioner Sherwood Colburn has flatly denied a rate increase asked by Blue Shield.

The Michigan Medical Service had asked for a two-year rate increase averaging 23.9 per cent. The service has 3.5 million members in its pre-paid medical insurance program.

Said Colburn: "I cannot, in good conscience, compromise with basic principles that reflect the best interests and general welfare of Michigan citizens."

Colburn said he denied the request "on grounds it is unfair, unreasonable and discriminatory."

Colburn said: "I have stated before, and I wish to state again that I fully believe in the system of free enterprise and the concept of pre-paid hospital and medical care, but not at the disregard or defiance of our laws and the best interests of public welfare."

"There has been a complete departure from the concept of community rating as previously practiced and frequently stressed by the Michigan Medical Service."

"There are substantial variations and inequities throughout the entire rate proposal ranging from 10 to 58 per cent. These variations and inequities hit hardest and discriminate the most at low income groups and the aged."

"While Blue Shield states that 75 per cent of doctors of medicine

## Wisconsin Pays On County Forests

MADISON — The Wisconsin Conservation Department has paid out \$220,609 to 27 counties with lands entered under the forest crop law. The money, which is paid out annually from the department forestry fund on the basis of 10 cents per acre is earmarked for forestry purposes on some 2,200,000 acres of county-owned land. Source of the fund is a two-tenths mill tax on all real estate in Wisconsin, authorized by constitutional amendment 34 years ago to finance the state program for fire protection and forest management.

In the near future, towns and school districts which contain forest crop lands will receive an additional payment of \$220,000 from the state general fund. This money is not earmarked but is spent for local governmental operation.

Largest check for forestry aids, \$24,608, went to Douglas county which has 246,081 acres entered under the law. Marinette was next with \$22,242 for 222,425 acres.

participate in their program, only 53 per cent of the total benefit payments made in 1962 were made by these same participating doctors.

"Furthermore, there has been a steady decline since 1958 in payments to participating doctors of medicine."

"While Blue Shield advertises a pre-paid service concept, it is quite apparent to this department that less than half of the total benefits paid represent guaranteed service benefits."

## Dairy Industry's Value Emphasized

The importance of the dairy industry to the economy of Escanaba and Delta County was emphasized at a meeting of the Senior Citizens Committee of the Escanaba Chamber of Commerce held Wednesday at the Chamber building. Clayton Ford and Clarence Dittich, Delta County farmers, reported on the milk marketing problem.

The milk pricing situation is working a hardship on local milk processors and desire to obtain new industry for this area should not be over-shadowed by the need for maintaining a healthy condition in existing industries, and especially in the dairy industry, the members were told. "Our local dairy industry is in grave trouble," the committee was advised.

Facts and figures for 1960 presented by Ford and Dittich showed that Delta County has 612 farms, with 397 commercial farms. Total value of produce sold in 1960 was \$2,507,962 and value of dairy products sold, \$1,355,580.

Delta County had 5 farms that did a business of \$20,000 to \$40,000; 38 farms doing a business of \$10,000 to \$20,000; 91 farms doing a business of \$5,000 to \$10,000; 212, \$2,500 to \$5,000; 155 farms in part time operation and 71, where the owners are part retired. The 212 farms doing a business of \$2,500 to \$5,000, could be upgraded if a Grade A market were available.

Delta county farms are planted in hay, 17,945 acres; oats, 7,680 acres; corn, 1,440 acres; potatoes, 920 acres and canning crops, 900

acres. There is at present an over-production of potatoes in Delta County farms. As Ford and Dittich reported, if Delta County lost the local dairy industry, it would mean a net loss of \$1,355,580 to the economy of the county.

A breakdown of this potential purchasing power is shown in the following table:

Gas, fuel and oil spent by farmers, \$221,700; hired labor, \$145,000; truck operation, \$425; cars owned, \$660; home freezers, \$412; telephones, \$450; tractors, \$994. In general, farms with \$10,000 to \$14,000 gross income are paying between \$400 and \$500 personal and property tax.

In other business, the Senior Citizens group discussed the distribution of the Escanaba Daily Press tourist tabloid at midwest travel shows. Chamber Manager Walter Lewke reported that many inquiries were being received at the Chamber office as a result of this distribution, with much interest shown in motel, campsite and resort facilities.

Chairman John J. Bartella quoted from a newspaper clipping relative to the formation of clubs for the elderly, dedicated to mature living. It was the consensus of the members of the Senior Citizens committee of the Chamber that they were more interested in civic problems than in learning how to be entertained in their retiring years.

Ancestors of the grapefruit hail from Asia.

## Hawk Watch In Peninsula Asked In Flight Study

KALAMAZOO — How do the thousands of hawks which winter to the south reach northern nesting areas without being seen in Michigan? Do they fly so high they escape notice? Or do sportsmen, farmers and other outdoorsmen see them and just take the flights for granted?

Dr. Olin S. Pettingill, head of Cornell University's Laboratory of Ornithology, is puzzled by the lack of Michigan records. And in Audubon Magazine, he calls attention to the need for a coordinated "hawk watch" in the Great Lakes states, Michigan in particular.

Last fall, volunteer skywatchers at Cooper's Glen preserve north of here tried to settle the question "Do the hawks go south over Kalamazoo?" They reported several flights of broad-winged hawks in mid-September. Other watchers near Detroit saw flights numbering in the hundreds. And for the first time, reports of big migrations were received from observers at the Straits of Mackinac.

Mohr is eager to hear from outdoor people who see a dozen or more hawks a day moving northward this spring. He hopes persons who have some time to spare will volunteer to "hawk watch" in their own neighborhood. The Kalamazoo naturalist expects the last two weeks in April will be the time for the major flight.

Hawks are relatively easy to identify, adds the Kalamazoo Nature Center aide. "There are several families of these birds of prey, each with distinctive silhouettes. Unlike planes, they have

Style review winners at the Luce County 4-H Achievement Day are pictured here (back row left to right) Priscilla Schilde, Pat Victorson, Linda Wood and Donna Brover. In the front row are Kristine Fraser, Donna Fillman, Sandra Rahilly and Jo Ann Robinson.

characteristic patterns of flight which make them fairly easy to recognize.

Identification sheets will be provided free to anyone who requests them from the Nature Center, 7000 N. Westnedge, Kalamazoo.

The Hudson River is only 315 miles in length.

# RESULTS 1963 Mobil Economy Run

### ...demonstrate long mileage performance of Mobil gasoline in new cars

Mobil Economy Run—  
America's Mileage Classic

Conducted and supervised by  
the United States Auto Club

## 36 CARS\* IN 8 CLASSES AVERAGED OVER-ALL

# 21.84

MILES  
PER  
GALLON

This year entries in the classic Mobil Economy Run traveled over 2,500 miles from Los Angeles to Detroit. They were driven over mountains, across deserts, on six-lane highways and through crowded city streets demonstrating the long mileage performance of Mobil gasoline in new cars! The Run is conducted and supervised by the United States Auto Club. Cars are entered by automobile companies and dealers, but picked at random by USAC officials who then seal and impound the cars until the Run starts.

No special equipment is permitted... only normal tune-ups are allowed. Stop-watch timing demands driving at regular highway speeds.

The kind of performance listed in the tabulations below is your mileage potential to try for. So keep your car in good condition, drive properly and remember, America's auto makers have for many years put their confidence in the mileage results of the Mobil Economy Run.

Try Mobil today!

## HE Measures Up!

Benjamin Franklin and many other great men got their first business training as newspaperboys. Men whose names make headlines in today's newspapers...men like J. Edgar Hoover, Walt Disney, Lowell Thomas, Bing Crosby, former President Dwight D. Eisenhower, and Astronaut Virgil I. Grissom.

And in tomorrow's headlines, will be many of today's newspaperboys.

Why? Because today's newspaperboy is learning the principles of business early in his career. This Junior Independent Merchant buys his newspapers at wholesale and sells them at retail to his customers. Just like any other businessman, he learns that in order to make a profit he must keep accurate records, collect and pay promptly, and plan his time.

Equally important, he learns to meet people easily and how to close a sale. He finds that dependability, punctuality, courtesy, and thrift are more than just words and must be put into practice if he is to succeed.

Today's newspaperboy measures up to the proven standards for success which prepare him for leadership tomorrow.

If you have a son that you think might be interested in a newspaper route, why not write or phone us.

# MANISTIQUE

## Palm Sunday Rites Usher In Holy Week

The traditional blessing of Palms takes place at St. Francis de Sales Church Sunday at 7:45 a. m., with ushers giving palms as people enter the church. At other Masses the palms will be distributed to the people as they enter church.

Wednesday, Confessions will be heard from 4-5 and 7-8 p. m. On Holy Thursday a Low Mass will be said at 6:30 a. m., with Holy Communion. The other will be a Solemn High Mass at 7:30 p. m. Holy Communion will be given and there will be a sermon on the Eucharist, washing of the feet ceremony and Procession of the Blessed Sacrament to the Altar of Reposition.

Continual adoration follows until midnight, with families sched-

## Tourist Meet Slated In May

Plans for a motel and resort operator meeting on tourist development in May are being drafted through the Top O' Lake Chamber of Commerce.

Named to the planning committee for it by President Fred H. Hahne are Raymond Schmidt, chairman, Dave Rood, Clyde Chatter, John Mincoff, Frank DeCelle and Bill Earle.

Hahne also has named a committee to work towards a tri-county tourist folder, in cooperation with Delta and Menominee counties. Members here are John Mincoff, Bill Earle, Ray Schmidt, Clyde Chatter and Carl Graves.

Plans also are being formulated in cooperation with the Conservation Department for entertainment this summer at Indian Lake State Park. Entertainment is planned for three evenings, with that on one to be provided by the local community.

## St. Alban's Holy Week Rites Are Announced

Holy Week will be observed at St. Alban's Episcopal Church beginning with the blessing and the procession of the Palms, Palm Sunday at 11 a. m., service.

Holy Eucharist will be celebrated Monday, Tuesday, and Wednesday of Holy Week at 9 a. m. Maunday Thursday will be observed with the celebration of the Eucharist at 7:30 p. m. On Good Friday there will be the Ante Communion and Good Friday Liturgies at 9 a. m.

The traditional Tre Ore Service will be held on Good Friday from 12:30 p. m. to 3 p. m. The Rev. Ernest Kempf, Vicar, will conduct this service and give the meditations on the Seven Last Words, Saturday at 9 a. m., the Paschal Candle will be dedicated and blessed, followed by the Holy Saturday Eucharist.

## Election Ballots To Be Held For Possible Recount

Due to possibility of a recount, Robert Montgomery, state elections director has advised ballot boxes from the April 1 election must be properly secured, and not tampered with. No recounts are to be initiated on a local level without permission, he has stated in letters to county clerks. In machine precincts absent voter ballots are to be locked in the back of machines.

## Teachers Meet At Newberry

About 500 teachers from the four eastern U. P. counties today are in Newberry attending a teacher institute on economic education.

The teachers, from Schoolcraft, Luce, Chippewa and Mackinac counties began registering at 9 a. m., in Newberry High School and were to hear addresses by Dr. Thelma Herrie, executive director of the Michigan Council of Economic Education and Dr. John E. Maher, economist on the Oakland State University staff of Oakland campus.

Serving on a reactor panel are Benjamin Hamilton, Louis Kocis and James Boroughs of the Michigan Department of public instruction, Dr. Clyde Reed, executive director of the institute of economic education in Detroit, Dr. Edward M. Ray, conservation educator, Roscommon, and Mrs. Grannis McCarty, elementary principal, at Farmington.

## Lincoln PTA Elects Officers

Manistique High School forensic students under the direction of Mrs. Lee Pappas presented the program for the Lincoln PTA on Wednesday night. A humorous reading, a dramatic monologue, and a dramatic dialogue were given by Jane Schuster, Bonnie Fyvie, and Roberta Clausen.

During the business session, the following slate of officers was elected: president, Mrs. Lyle Bouchard; vice president, Mrs. Charles Green; secretary, Mrs. Harold Rodgers; treasurer, Mrs. Fred Prater; historian, Mrs. William Hough.

The unit accepted with appreciation the donation of a banquet size table cloth from Mrs. Art Lehman.

The room award was won by Mrs. Benjamin Gero's morning kindergarten.

Refreshments were served by Mrs. Victor Beaudry, hostess chairman, and her committee of first grade mothers: Mrs. Donald Klagstad, Mrs. Lois Bryant, Mrs. George Rodmonich, Mrs. Bill Wood, and Mrs. Gerald Popour.

## Past Marthas Will Be Honored

Past Marthas will be honored at the regular meeting of Ida Chapter, 54, OES in the Masonic Temple Saturday at 8:15 p. m. In keeping with the Easter season, the story of Martha, "The Master is Come," will be narrated by Mrs. Rose Norton. Serving on the hostess committee are: Mr. and Mrs. William Cook, Mr. and Mrs. Dallas Creeger and Mr. and Mrs. Leo Curran.

## Briefly Told

Members of St. Francis de Sales Court 992 of the WCOF meet Tuesday at 8 p. m. in the parish hall to complete plans for the Cleveland convention and to commemorate the 50th anniversary of the organization of the local group planned May 14.

Costs of \$2 were assessed in Justice Court against Wesley G. Parrish of Cooks for permitting an unlicensed minor to drive and Robert W. Parrish of Cooks, no operators license. They said they had to travel for fuel oil as the father was ill, March 26.

Robert Drew will speak for a parent education class at 7:30 p. m., Monday in the Library. The course is free.

## Births

Mr. and Mrs. David Hixson of Germfask are the parents of a 6-pound, 14 ounce son born April 3 in Schoolcraft Memorial Hospital. The mother is the former Norien Mae Johnson.

A son weighing 4 pounds, 10½ ounces, was born April 3 in Schoolcraft Memorial Hospital to Mr. and Mrs. Robert A. Cayemburg, Rte. 1, Ensign. The mother is the former Darlene Gouin.

## Firemen Elect

Manistique Volunteer Firemen have elected Al Kokesch, chairman, Louis Rogers, secretary and Dick Walters treasurer. They will succeed Glen Jenks, Dick Walters and Elmer Flodin in the respective offices. The new officers begin duties May 6.

## Personals

Mrs. Alvin Nelson is a surgical patient in room 504B, Methodist Hospital, Rochester, Minn.

Mrs. Gladys Turner of Menominee, Department president of Michigan of the VFW Auxiliary, was a guest Wednesday of Mr. and Mrs. Archie Carpenter, 110 N. 5th St.

## Hospital

Patients admitted to Schoolcraft Memorial Hospital are Christina Lowery, Germfask; Gertrude Stites, Gulliver; Norlen Hixson, Germfask; Veronica Lehman, 501 Alger; Ellen Swanson, 930 Dear; Dorothy Thelander, Cooks; Alice Quinlan, Newberry; Frank Barnes, 440 Alger. Discharged were Frances Slaughter, Sandra McLean and infant, Rose Livermore and infant, Rosalie DesArmo, Raymond Holmberg, Joseph VanDyck, Brenda Mulhauser.

# GLADSTONE

## Choirs To Join In Concert At Lutheran Church

The three choirs of the First Lutheran Church will present a Lenten choral concert on Palm Sunday, April 7, at 3 p. m. Each choir will present selections individually, and there will be three numbers for the combined group.

Mrs. Ellis Movallson has arranged background music and chosen scripture to go between the musical selections to tell the Easter story. The narrator will be Pastor Harry Lorenz. Mrs. Ellis Movallson will direct the choirs, Mrs. Michael Creten is the organist and James Wedell, the pianist. The public is invited to attend.

## Perkins Woman Called By Death

Sabina Cafemeyer, 77, of Perkins, died in St. Francis Hospital at 3:30 p. m. Thursday where she had been a patient three weeks.

Mrs. Cafemeyer was born Feb. 23, 1886 in Merkhem, Belgium, and came to this country in 1902. She had spent most of her life at St. Nicholas and had moved to Perkins about six years ago.

She was a member of St. Joseph Church at Perkins and of St. Anne's Altar Society of that church.

Survivors include three daughters, Gabriele at home, Mrs. Clyde (Mary) Hammersmith of St. Nicholas and Mrs. Emil (Madeline) Verbrigghe of Rumley, Mich.; nine grandchildren; and one sister and three brothers in Belgium.

The body was brought to the Skradski Funeral Home where friends may call after 2 p. m. Sunday. The Parish Rosary will be recited at 8 p. m. Sunday.

Funeral services will be held at 10:30 a. m. Monday with Father Edward Malloy as Celebrant of the Solemn Requiem High Mass at St. Joseph's Church at Perkins. Burial will be in the Gardens of Rest Cemetery.

## Trenary Lutheran Aid

First Lutheran Ladies Guild meets Monday, April 8, at 8 p. m. Mrs. Kenneth Brill and Mrs. Henry Tuuri will be the hostesses. The choir will rehearse at 7:15 p. m.

## Plan Dinner

The sophomore class of Trenary School is planning a chicken dinner for April 20. The class members are taking orders now and the dinners will be delivered between 4 and 7 p. m.

Andrew Hill is a patient at St. Francis Hospital, Escanaba. First Lutheran Church Board meets Tuesday, April 9, at 7 p. m. at the church.

Mrs. Edmond Ouelette is visiting her son and daughter-in-law Mr. and Mrs. Floyd Ouelette at Midland.

## Obituary

**JOHN SIGG**  
Funeral services for John Sigg, 74, of Gladstone who passed away Thursday morning will be held at the First Lutheran Church at 2 p. m. Saturday with Pastor Harry Lorenz officiating. Burial will be in Fernwood Cemetery. Friends of John Sigg may call at the Kelley Funeral home today.

## Foresters Install

The Women's Catholic Order of Foresters will install their officers at a dinner meeting Tuesday, April 9, at 6:30 in All Saints Hall. Those who wish to attend are asked to make their reservations by Saturday, April 6, by contacting Mrs. Robert Moore.

## DAILY PRESS

Escanaba, April 5, 1963 9

## Former Resident Dies In Detroit

Mrs. Felix Cornell, 75, of Detroit, formerly of Gladstone, died in a Detroit hospital Thursday morning. She had been in failing health for the past year.

Mrs. Cornell was born Lillian Johnson Oct. 6, 1887 at Washington Island, Wis. She had lived in Gladstone most of her life.

She was a member of the Memorial Methodist Church of Gladstone.

Survivors include two sons, Felix C. of Brewer, Maine and Grant Arthur of Walled Lake, Mich.; eight grandchildren; one sister; and three brothers.

The body was taken to the Kelley Funeral Home where friends may begin calling Sunday afternoon.

Funeral services will be conducted by Rev. Meldon Crawford at the funeral home Monday at 2 p. m. Burial will be in Fernwood Cemetery.

## Job Situation Much Improved

WASHINGTON (AP) — In the news from Washington:

**JOBS:** Employment rose last month to a March record as the job situation showed its greatest improvement since November 1958.

The seasonally adjusted idle rate dropped from the 6.1 per cent recorded in February to 5.6 per cent. Still, 4,501,000 Americans were without jobs and Secretary of Labor W. Willard Wirtz said there was "plainly no cause for broader satisfaction."

The job picture usually brightens in March, but improvements last month were well beyond seasonal expectations. Employment increased nearly 800,000 to 67,148,000. Unemployment declined 47,000.

**HARRIMAN:** The Senate has given voice approval to President Kennedy's nomination of W. Averell Harriman as undersecretary of state for political affairs. Formerly assistant secretary for Far Eastern affairs, Harriman is now No. 3 in the State Department hierarchy.

**SPACE AGE CITIZENSHIP:** Sir Winston Churchill will become an honorary citizen of the United States at 3 p. m. Tuesday, an hour and half earlier than originally planned.

The vagaries of the Relay satellite's voyage through space are the reason.

The 88-year-old wartime British prime minister is in failing health and unable to see President Kennedy sign the unprecedented legislation in the White House Rose Garden.

At 3 p. m. Tuesday Relay's position in the heavens will be best for beaming a live telecast of the ceremony to Britain so the time of the ceremony was moved up.

**QUICK TRIP:** Secretary of Defense Robert S. McNamara and a party of top Pentagon officials are going to London and Paris next week for meetings with Peter Thorneycroft, British defense minister, and Gen. Lyman L. Lemnitzer, supreme Allied commander in Europe.

The Pentagon group will leave Washington Tuesday evening and return Friday.

**MISSILE KILLER:** The Pentagon has announced a fourth successful intercept of a ballistic missile warhead in the mid-Pacific by the Army's Nike Zeus.

The tests are aimed at developing a missile capable of intercepting and destroying enemy ICBMs before their nuclear punch can be unleashed.

## Nahma

Mrs. Fred Olmsted has returned to her home at Nahma after spending the winter months with her children in Lombard, Ill.

Mr. and Mrs. Rudy Gereau Jr. and family of Green Bay are visiting with the senior Rudy Gereau.

Mr. and Mrs. Philip Kirchberg of Crystal Lake, Ill., have returned home after a weekend visit with Mr. and Mrs. Harry DeRosier.

Mr. and Mrs. Barry Feus of Milwaukee visited with relatives this past weekend.

Mr. and Mrs. Francis Lyons of Two Rivers, Mich. and Mrs. Donald Van Calligan, Mr. and Mrs. Reuben Van Calligan and Mr. and Mrs. Raymond Van Calligan of Sheboygan have returned to their homes after attending the 50th wedding anniversary observance of Mr. and Mrs. Harry DeRosier.

Mr. and Mrs. George Girard and children Janie, Richard and Stephen of Marion, Iowa visited recently with her parents, Mr. and Mrs. Harry DeRosier.

Mr. and Mrs. Peter LeClaire have returned to their home at Nahma after spending the winter months at Gladstone.

## North Central Wants To Cancel Port Arthur Hop

WASHINGTON (AP) — North Central Airlines has asked the Civil Aeronautics Board for authority to suspend service immediately between Hancock-Houghton, Mich., and Port Arthur-Port William, Canada.

The board ruled Jan. 23 the route should be eliminated from North Central's system, and President Kennedy's approval made the order effective next May 22.

North Central said suspension of the service immediately would make possible savings of at least \$3,000 a month.

## Rock

Sophomore Chuck Brookes could develop into one of Escanaba's best dashmen in years this spring. . . . As a freshman last year Brookes finished fourth in the U. P. Class A-B 100 yard dash finals at Brookers. . . . Leading Brookes at the tape were Bob Brown of Newberry, Dick Berlinski of Kingsford and Joe Hase of Munising. . . . Only Berlinski is back in action this spring. . . . Jim Tonn, Wally Schultz and Dave Hunter are other experienced Eskymo trackmen expected to pile up points this spring.

John Olson, former Escanaba athlete, was one of 10 Michigan Tech basketball players receiving varsity awards this season.

The 19-2 basketball record compiled by Ontonagon this season was the best in the school's history. . . . Coach Dave Tucker's Polar Bears ran up 15 straight victories for another all-time Ontonagon record. . . . Tucker will have four lettermen back next season, including 6-3 Larry Makima, the team's leading rebounder and scorer with 414 points.

Two more Upper Peninsula keglars narrowly missed the charmed 700 circle this week. . . . Ben Aken of Munising spilled a 698 series with a 268 highlight and Mel Hirvonen of Marquette rolled 691 with a 240 singleton.

Vernon (Lefty) Gomez, one of baseball's all-time greats, will headline the seventh annual Sports Celebrities' dinner at Canadian Soo May 7. . . . Gomez, a pitcher with the New York Yankees for 12 years posted a 26-5 record in 1934. . . . Other speakers at the banquet will be Rudy Plous, coach of the Chicago Black Hawks; Bernie Faloney, all-star quarterback with Edmonton and Hamilton of the Canadian Football League; Red Sullivan, coach of the New York Rangers; Red Jones, one of baseball's most colorful umpires, and Dave Diles, former Michigan Associated Press sports editor.

Dave Friets turned in the top bowling effort here this week, rolling a 640 series with a 255 singleton in the Continental League.

## Who's Throwing At Whom?

# Elbow And Pride Hurt In Beanball Pitching Fracas

By The Associated Press  
Cleveland and San Francisco repair crews were working today on Floyd Weaver's damaged elbow and Jack Sanford's injured pride while umpire John Rice was making a full report on the tremors that shook Modesto, Calif., in the exhibition season's first serious beanball incident.

Sanford, a 24-game winner for the National League champion Giants last season, was the focal point as San Francisco went down to its 17th loss in 26 games, 11-7 to the Indians Thursday.

Sanford started the rumblings in the fourth inning while pitching to Weaver, Cleveland's rookie hurler. The third pitch plunked Weaver in the right elbow. Plate Umpire Rice immediately warned Sanford, which brought San Francisco Manager Al Dark hustling out of the dugout.

Dark asked why Rice had not warned Weaver when Willie Mays went sprawling in the third inning then apparently followed with a remark about American League umpires and was ejected.

In the fifth inning, Sonny Siebert, Weaver's replacement, drew a warning from Rice when he sailed a pitch over Sanford's head.

Rice said he would send a full report to Commissioner Ford Frick.

"I warned both Sanford and Siebert about beanballs," he said. "I didn't warn Weaver, because I didn't think he was intentionally throwing at Mays."

After the tremors had subsided, it became evident that Sanford's pride also must have suffered. He was tagged for all 11 runs, four homers—by Woodie Held, Tito Francona, Max Alvis and Ellis Burton—and has given up 18 runs in the last 12 innings.

A trio of comeback pitchers, Lew Burdette of Milwaukee, Luis Arroyo of the New York Yankees and Cincinnati's Al Worthington again turned in impressive performances.

Burdette brought his earned run average to 0.67 as the Braves whipped Philadelphia 9-2 at West Palm Beach. Arroyo lowered his ERA to 0.69 while the Yankees shut out Pittsburgh 2-0 at Fort Lauderdale and Worthington reduced his to 0.43 as the Reds lost to the Chicago White Sox 9-5 at Macon, Ga.

In other games, St. Louis walked Minnesota 12-3 at St. Petersburg, the Chicago Cubs defeated the Los Angeles Dodgers 6-2 at Mesa, Detroit edged the New York Mets 3-2 in 10 innings at Lakeland, Washington nipped Baltimore 4-3 at Miami and Houston downed the Los Angeles Angels 5-2 at Bakersfield, Calif.

Tommy Bolt leans over his ball which hangs on the lip of the first cup during the opening round of the Masters Golf tournament in Augusta, Ga., Thursday. After what seemed like an eternity, but was only about three and a half minutes, the ball keptunked in for a birdie four. (AP Wirephoto)

# Golf's Old Guard Sets Early Pace In Masters Field

AUGUSTA, Ga. (AP) — Golf's old guard is chuckling. Some of the graybeards showed the younger "big three" a thing or two in the opening round of the Masters golf tournament.

Instead of Palmer, Player or Nicklaus setting a fast pace going into today's second round, it was Bo Wininger, 40; and Mike Souchak, 35, on top with 69s, three under par. Only one stroke back were veterans Sam Snead, 50, Ed Furgol, 46, and Jay Hebert, 40.

With three testing rounds still to go, Arnold Palmer, Gary Player and Jack Nicklaus—the dominant trio in golf today—have plenty of time to pull out a victory. But, for one round at least, they had to take a back seat.

Palmer, 33, the defending champion shooting for a fourth Masters title, had to settle for a 2-over-par 74. So did 23-year-old Nicklaus.

Player, 27, and the only foreigner ever to win a Masters, remained well in contention with an opening 71, a score he shared with George Bayer.

Amateur Charlie Coe, an oil broker from Oklahoma City and 2-time U.S. Amateur king, tied at par 72 with Billy Maxwell.

No one else among the 86 starters managed to match the sprawling Augusta National Golf Club course par of 36-36-72. Tricky, gusty winds and hard greens were major factors in keeping the scores high. Approach shots would hit the baked putting surfaces and bound away.

Perhaps the largest opening day crowd in history milled over the beautiful, 6,850-yard course which grand slam champion Bob Jones helped design. An unofficial estimate put the crowd at 25,000.

After today's round, the field will be trimmed to the low 44 plus ties—except that anyone within 10 shots of the leader qualifies for the final 36 holes.

## The Leaders

Mike Souchak	36-33-69
Bo Wininger	34-35-69
Ed Furgol	35-35-70
Jay Hebert	35-35-70

## Giants Picked Second

# Yanks, Dodgers Favored To Meet In World Series

NEW YORK (AP)—The New York Yankees and Los Angeles Dodgers were the preseason betting favorites to meet in the World Series as the 20 major league teams prepared to open the 1963 season with two games next Monday and nine more the following day.

The latest odds from Las Vegas makes the Yankees a prohibitive 1-3 favorite to capture the American League pennant. The betting gentry sees a much tougher fight in the National. The Dodgers are a 2-1 choice followed by the San Francisco Giants at 12-5 and the Cincinnati Reds at 4-1.

All teams will start from scratch next week when some 350,000 persons are expected to Washington and Cincinnati will

share the spotlight Monday in their traditional openers a day in advance of the rest.

Some 47,000 fans, including President John F. Kennedy, will fill D.C. Stadium in Washington to see the Senators open their drive to escape the American League cellar against the Baltimore Orioles.

The President will throw out the first ball. Thereafter the pitching will be in the hands of expected southpaw starters Don Rudolph of Washington and Steve Barber of Baltimore. Rudolph had an 8-10 record last year and Barber was 9-6.

A capacity of 30,000 will be on hand in Cincinnati the same afternoon where the Reds' lefthanded ace Jim O'Toole (16-13) will be opposed by right-hander Earl Francis (9-8) of the Pittsburgh Pirates.

All teams with the exception of the Senators and Orioles will be in action Tuesday. The schedule: American League—New York at Kansas City, Chicago at Detroit, Boston at Los Angeles, Cleveland at Minnesota.

National League — Los Angeles at Houston, Milwaukee at Pittsburgh, St. Louis at New York, Cincinnati at Philadelphia (night).

## Sports In Brief

FORT WAYNE, Ind. (AP)—The Fort Wayne Komets beat Muskegon 6-2 in the third game of their International Hockey League semifinal playoff series Thursday night after having lost two games to the Zephyrs. Fort Wayne got away to a 3-0 lead in the first period.

MT. ALYESKA, Alaska (AP)—Will Marolt of Aspen, Colo., edged out University of Colorado teammate Wallace Werner by one-tenth of a second Thursday and won the men's downhill run, opening event of the 1963 National Alpine Ski Championships. Marolt was timed at 128.5 seconds for the 8,440 foot long plunge down Mt. Alyeska's glacier. Joos Minsch of Switzerland, was third in 129 seconds. Chuck Ferries of Houghton, Mich., and Jim Gaddis, Salt Lake City, tied for fourth in 129.7.

Patty Freel of Gaylord finished 12th in the women's division with a 155.9 time.

## Manistique Boxing Show Is Canceled

MANISTIQUE — Officials of the Junior Chamber of Commerce announce today that plans for the eighth annual amateur boxing show, slated here April 20, have been dropped. Lack of local boxers to make up the card was given as the reason for canceling the spring show.

# Tigers End Florida Stay; Missions Are Accomplished

By JERRY GREEN

LAKELAND, Fla. (AP) — The Detroit Tigers have completed their Florida work with most of their Spring training missions accomplished.

"We have a better club now than when we left here last year and we're better than we were at the end of the season, too," said Manager Bob Scheffing.

When the Tiger camp opened officially Feb. 10, there were a multitude of problems confronting Scheffing.

Whether they've really been solved can't be determined until long after the season starts Tuesday. But Scheffing feels strongly that the Tigers are improved enough to be a serious pennant contender.

## Lary Looks Good

Top on the Spring training agenda was a recovery by Frank Lary from his shoulder trouble of last year. He hasn't had any recurrence of pain and Lary excited Scheffing with eight innings of strong pitching in his last outing following three exhibition game shellackings.

Strengthening the infield and improving the bench were other main Spring training goals.

"Lary looks good and I still think he's going to make it back," Scheffing said. "Our infield is better, utilitywise and everything. And I feel our bench is greatly improved over last year, too."

"We've been helped overall by our trades and our kids."

Six rookies will be among the 28 Tigers who leave here Saturday morning on the barnstorming trip to Detroit.

## Bench Was Strong

It was the bench that enabled the Tigers to leave with a 15-12

Florida record, second best since 1953.

A two-run rally in the bottom of the 10th inning Thursday lifted Detroit to a 3-2 victory over the New York Mets.

The bench produced two of the three successive hits in the two-out rally that won the finale.

Coot Veal, the utility infielder Scheffing believes will help strengthen the infield, drove in the tying and winning runs with a single.

Dick McAuliffe started the pay-off rally with a single after rookie Don Rowe retired the first two Tigers on grounders. Bill Freehan, who'll start the season on the bench as No. 2 catcher, followed with a double. Veal's single through the middle brought McAuliffe and Freehan home.

The Mets had taken the lead in the top of the 10th on a bunt single, pitcher Terry Fox' wild throw and a sacrifice fly.

## Cash Hits Homer

Norm Cash's homer in the sixth matched the Mets' first run off Don Mossi in the second.

"Cash and McAuliffe are start-

ing to hit again," said Scheffing. "If they were going to have a slump, the best time was down here."

Mossi pitched the first five innings and yielded only three hits. He gave up just three earned runs all spring in 28 innings. Phil Regan pitched four-hit scoreless ball for four innings. Fox pitched only the 10th and was credited with the victory.

Scheffing gave the Tigers a day off today, their first since camp opened. The Tigers have stops for exhibition games with Minnesota at Charlotte, N. C., and Knoxville, Tenn., before arriving in Detroit Sunday night.

## Jim Bureau Pool Champ

Jim Bureau completed an undefeated sweep to the Intermediate championship in the 12th annual city pool tournament Thursday night, defeating Bob Davis in the finals.

Bureau beat Jerry Hanson, Frank Trotter and Tom Perryman to reach the finals while Davis won over Jim Leonard, Richard Craig, Terry Dufour and Larry Moreau. Perryman defeated Moreau for third place.

The first four finishers in the juvenile, junior and intermediate divisions will compete in a city-wide open tournament Thursday, starting at 6:30 p. m., at Club 314.

# Red Wings Take Lead In Series On 4-2 Victory

CHICAGO (AP) — Having bounced back from the very brink of disaster, the Detroit Red Wings now are preparing the knockout blow for the Chicago Black Hawks in their best-of-7 Stanley Cup semifinal series.

The Wings made it three straight over Chicago Thursday night with a 4-2 victory on the Hawks' home ice and took a 3-2 lead in the series. Detroit had lost the first two games.

Now the Wings need only a vic-

tory at home Sunday to wrap up the series and meet the Toronto Maple Leafs in the championship series. Toronto eliminated Montreal in five games with a 5-0 victory in Toronto Thursday night.

Center Norm Ullman, who hadn't had a goal in the series until Thursday's game, was one of Detroit's many heroes. Ullman got two goals and two assists to boost his point total to seven for a tie with Gordie Howe for the series leadership.

Floyd Smith put Detroit ahead in the first period and Ullman made it 2-0 early in the second before the Hawks tied it on goals by Ken Wharram and Bobby Hull.

When Ab McDonald drew a five-minute penalty late in the second period for cross-checking Doug Barkley, Parker MacDonald put Detroit ahead to stay. The Hawks were feverishly trying to tie it when Moose Vasko drew a penalty and Ullman sent home the clinching goal at 17:25.

## Girls' Softball Meeting Monday

A meeting of the newly organized Escanaba Women's Softball League will be held Monday, April 8, at 7:45 p. m. at the Patio.

All persons interested in the program are invited to attend. Six teams have been organized and sponsors are being sought.

Arrangements are being made with the City Recreation Department for a diamond.

# Tiger Defense Sore Spot; Manager Sees Improvement

EDITOR'S NOTE: Third in a four-part series on the Tigers prospects for the 1963 season. It deals with the Tigers' fielding.

By JERRY GREEN  
LAKELAND, Fla. (AP) — The thing that impresses Detroit Manager Bob Scheffing most about the rival New York Yankees is not their plentiful power or satisfactory pitching. It's the way they handle themselves in the field.

The Tigers have power and pitching, too. Perhaps enough to cope with the Yankees. The big difference is in the fielding.

"We have to tighten up defensively, make more double plays," said Scheffing, whose club was ninth in fielding last year in the American League.

"I think we've done this. I feel our club is stronger this year at third base and behind the plate. We've helped ourselves with trades."

It's just about impossible to win a pennant with a leaky infield is hardly a match for the Yanks'.

Few ground balls get through the left side of New York's infield, between shortstop Tony Kubek and third baseman Clete Boyer. At second base, Bobby Richardson is without a fielding peer in the league.

The addition of Bubba Phillips at third base has tightened up the Tigers' infield.

"He gets those ground balls and those he doesn't get right away, he blocks and pounces on and still makes the play," said Scheffing.

The leak at third base last year was the biggest in the Detroit infield. Scheffing tried seven players at third and was frustrated in his attempts to find somebody who could reliably pick up a grounder.

## Jack Hand Picks Yankees To Top American League

By JACK HAND  
ST. PETERSBURG, Fla. (AP) — The 1963 World Series will open Wednesday, Oct. 2 at Yankee Stadium, barring rain or another National League playoff. Detroit, Minnesota, Baltimore and possibly Los Angeles will be in on the American League pennant chase but it will have the same old ending.

Last year was the year to beat the Yankees when their pitching staff was wobbling, Mickey Mantle hurting and Tony Kubek in the Army until August. They are not likely to let their guard down again.

Mickey Mantle calls this Yankee club the best he has played with since he came to New York in 1951. The last Las Vegas odds printed here listed the Bombers odds-on as a 2-5 shot.

Ralph Houk, no man to waken sleeping dogs, tells all comers he expects trouble from "all of them." Trouble, maybe, but not a serious threat to his third straight pennant since succeeding Casey Stengel.

## Leafs Sideline Montreal, 5-0

By The Associated Press  
Montreal coach Toe Blake, understandably close-mouthed after his Canadiens had been knocked out of the Stanley Cup semifinals in five games, nevertheless had one firm comment to make.

Asked if he had any plans for next year, Blake said: "Yes, sir, I sure do."

Then he turned and walked away.

Toronto, defending cup champions and leaders during the regular National Hockey League season, blasted Montreal 5-0 Thursday night and nailed down the best-of-7 semifinal in five games.

The muscular Leafs will meet the winner of the Chicago-Detroit series in the Cup finals. Detroit took a 3-2 lead in games Thursday by edging Chicago 4-2.

"We started hustling again. We did all the things we didn't do in Montreal. In Montreal we didn't hit, we didn't check and we didn't score."

Imlach was referring to Montreal's only victory in the series, a 3-1 triumph on Canadian ice Tuesday.

Thursday, however, the Leafs had things all their own way. They rushed out to a 3-0 first period lead then coasted in from there, concentrating on preserving goalie Johnny Bower's second shutout of the series.

The Red Wings, who lost their first two playoff games, now go home for the sixth game Sunday. Chicago must win to force a showdown in Chicago Tuesday.

Parker MacDonald scored on a power play in the last minute of the middle period, breaking a 2-2 tie and putting the Red Wings ahead to stay.

The seven Detroit third basemen had a total of 39 errors. Steve Boros, who played third most of the time, made 19—and it was the main reason he was traded after the Tigers secured Phillips.

Phillips made only 11 errors playing a full season for Cleveland.

This spring he has shown range and adroitness in fielding at third than Boros did.

With the regular season just five days off, Scheffing is considering using Coot Veal at short. Veal, a reliable glove man, flopped in a couple of previous trials with the Tigers, mainly because he couldn't hit.

Dick McAuliffe has shown sharp improvement in fielding at second this spring. He worked two weeks under the guidance of Hall of Famer Charley Gehring and the lessons helped.

McAuliffe has learned to pivot better on the double play and get to grounders more quickly. Jake Wood, who may share second with McAuliffe, still is an erratic fielder at best.

Norm Cash is adequate with his glove at first base, nothing sensational.

The Tigers' catching last year was good Gus Triandos, acquired from Baltimore, and rookie Bill Freehan should make it better.

The Tigers' outfield is as good, perhaps better, in fielding, as the Yankees'. Certainly there is no right fielder in baseball who can compare with Al Kaline in chasing down a difficult fly ball or in throwing.

Billy Bruton was wide range in center and fields his position with sure hands. Rocky Colavito has improved as a left fielder each year since Scheffing moved him from right in 1961.

Detroit can be troublesome if Frank Lary can pitch. That has to be very much of an "if" at this stage. However, Hank Aguirre, Jim Bunning and Don Mossi are a strong pitching nucleus. Any club with Al Kaline, Rocky Colavito and Norm Cash swinging in the line-up has to be a contender.

Minnesota has fence-busting power but its pitching is all left-handed, except Camilo Pascual, who may be the best in the league. It remains to be seen whether Rich Rollins and Bernie Allen will be able to equal their startling 1962 performances.

Baltimore tightened its infield with Luis Aparicio and added hitting strength in Al Smith but the loss of Hoyt Wilhelm, Billy Hoelt and Jack Fisher may leave their pitching a little on the thin side.

Here's the way it looks from here:

1. New York
2. Detroit
3. Minnesota
4. Baltimore
5. Los Angeles
6. Cleveland
7. Chicago
8. Boston
9. Kansas City
10. Washington

## Permits Needed:

# High Fire Danger Reported In Area

Grass and brush areas are tinder dry in many sections of the Upper Peninsula from Menominee to St. Ignace and in the Escanaba District the Conservation Department is requiring permits before any type of open fire is started, said Owen Bennett, district assistant supervisor.

Fire starting when debris burning got out of control blackened 150 acres in Menominee County's Shaker Lakes resort area Wednesday afternoon. In the village of Wells Thursday afternoon a garbage burner started a fire that burned over an acre of grasslands.

Seasonal forces of the Conservation Department in the Escanaba District returned to duty on March 25 and preparations are under way to meet the challenge of the spring fire danger season, said Bennett.

### Need Permit

Towers have been opened and made fire ready, equipment has been removed from winter storage and placed in fire readiness, the four-wheel drive pumps have been moved in from the northern part of the district where the danger is not imminent and snow is still on the ground in many places. The Escanaba district extends from Lake Michigan to Lake Superior and includes Delta, Marquette and the west half of Alger Counties.

"Fire permits are now needed for any type of open fire and these may be obtained from any headquarters or equipment station or from the following:

John Chrissie, district supervisor, Escanaba Rte. 1, Owen Bennett, 1524 9th Ave. S., Escanaba; Conservation Officers Hugh J. Fisher, Escanaba; James Walker of Rapid River; Gilbert Larson, Rock; Jim Gailhart, Treenary; Tom Safford, Nahma; Fire Officers Severinsen, A. W. Meyer and Raymond Roberts, Escanaba; and Albert Konkell, lookout, Flat Rock tower.

### Many Fire Towers

Persons applying for fire permits must give their name and address, the type of material to be burned, the number of days the burning is to take, when the burning is to start and the correct description of "forty," section, town and range, where the burning is to occur. The accurate location is necessary.

Fire towers in the Escanaba district are manned by Albert Konkell of Bark River, the Flat Rock tower; Joe Kodanko, McFarland,

Arnold tower; Ed Kivioja, McFarland; Gwynn tower; Dan Malmon, Treenary tower; C. A. Czyskoski, Marquette; Cliff's tower; Bill Metsala, Kiva, Skandia tower.

Cooperating in the forest fire protection force are lookouts at two U.S. Forest Service fire towers, one at Farm Lake north of Rapid River and the other on the Stonington Peninsula.

Last year debris burning was the second largest cause of forest fires, second only to careless smokers, said Bennett. Forty-three of the Upper Peninsula's 237 fires were from this cause. One hundred and one acres were burned out of total 520.

### Caution Urged

"Debris burning as a cause of fires is potentially dangerous to property and lives," said Bennett. "Each year buildings are damaged or destroyed and injuries are sustained in attempts to contain a fire once it has escaped control."

"This type of fire can be so easily prevented by exercising caution," he added. "Most of the fires are caused by people disposing of rubbish from spring clean-up, garbage and paper burning. A good, safe burner, adequately screened on top to prevent materials from blowing out, plus a cleared area around the burner is a good safeguard against starting forest fires."

Bennett advised burning only in the evening hours or at time recommended by the Conservation Department. Usually in the evening the humidity is up and the wind is down.

Any person negligent or careless with fire, even under a permit, is liable for damages caused to other property, for all expenses by the state in suppression of the fire, and may also be taken before a court and fined.

## Student Nurses On Training Visit Here

Miss June and Miss Judy Prohaska of Carney, student nurses at St. Luke's Hospital, Marquette, are in Delta County today for field training visits with members of the staff of the Delta-Menominee District Health Department.

They are observing community health and social aspects of nursing, including home and school visits and operation of the Friday afternoon immunization clinic.

Alexander Graham Bell called the metric system "a labor saving device of the greatest importance and value."

Fire starting from rubbish burning escaped control and raced more than a mile through 150 acres of forest lands in the Shaker Lakes resort area of Menominee County west of Stephenson Wednesday afternoon. Fire fighters by heroic effort saved camps and other buildings in the fire's path. (Gene Peterson Photo)

## Kremlin Ready For Phone Link With Washington

GENEVA (AP)—The Soviet Union announced today it is ready to accept a direct telecommunications link between Washington and the Kremlin to prevent an accidental outbreak of world war.

Soviet Ambassador Semyon K. Tsarapkin made the announcement in a session of the 17-nation disarmament conference.

The direct link was originally proposed by the United States as a priority measure to relieve world tension and prevent accidental war.

Tsarapkin said the Soviet Union is willing to negotiate such a link immediately, without waiting for agreement on a general disarmament treaty.

U.S. Ambassador Charles C. Stelle said the United States "warmly welcomes" Tsarapkin's announcement.

Tsarapkin said details should be worked out in separate negotiations by the United States and the Soviet Union. These talks could begin immediately.

He said each of the two governments should be left free to determine the exact point where the direct link should terminate in its own capital.

## List Official Vote Canvass

The Delta County Board of Canvassers Thursday completed their canvass of the votes cast in the April biennial election and the official results are as follows:

Regents of the University of Michigan — Power, 3301; Cudlip, 3219; Thurber, 3864; and White, 3150.

Superintendent of Public Instruction — Bartlett, 3965; and Hatch, 3162.

Member of State Board of Education — Tuchow, 3564; and O'Neil, 3279.

Members of the Board of Trustees of M.S.U. — Stevens, 3729; Nisbet, 3149; Vanderploeg, 3564; and Rouse, 3178.

Members of the Board of Governors of Wayne State Univ. — Ference, 3611; Noecker, 3071; Woodcock, 3708; and Whitaker, 3144.

Justices of the Supreme Court — Adams, 3714; Black, 3833; Holbrook, 2546; and Smith, 2499.

Revised Constitution — Yes, 3073; and No, 4736.

Community College Trustees — Six year term: Jenks, 5473; and Folio, 5354. Four-year term: Lewis, 3270; Ford, 4145; and Heiman, 4683. Two-year term: Groat, 4119; Bal, 3146; and Dotsch, 4235.

Members of the Board of Canvassers includes: Harry Greene of Garden, H. Gale Westcott of Gladstone, and Leo J. Lavolette Sr. of Escanaba.

### Briefly Told

Pleading guilty to a charge of simple larceny, Patricia Sorby, 17, of Escanaba Rte. 1, today was sentenced to 10 days in the Delta County jail after arraignment in Escanaba municipal court.

Escanaba police have issued a traffic court summons to Rudolph J. Norman, 204 N. 10th St., for speeding.

Traffic volume at the Escanaba municipal airport in March totaled 574 passengers, it is reported by Airport Manager Jon Thorin. There were also 56 transient flights. During the month 13 flights were cancelled by North Central Airlines, five because of ice on the runways and eight for bad weather.

Applicants for custodian jobs at Bay de Noc Community College are to report for a qualifying test to be held in the second floor conference room at the State Office Building in Escanaba next Tuesday morning, said R. L. Rinehart, Bay College president. Rinehart has notified the applicants to report for the test by 9 a. m. and that the successful candidates will begin work a few days after the testing.

## School Choirs Join Festival

The Escanaba Area Senior and Junior High School Choirs will participate in the Annual Chorus Festival to be held in Negaunee on April 6. The event is sponsored by the Upper Peninsula School Music Education Association.

The 110-voiced Senior High Choir, under the direction of Conrad Beck, will sing The Last Words of David, by Randal Thompson; Alleluia, an original composition by David Laakso, a music faculty member in the public schools; and There is a Balm in Gilead, by Dawson, with Betty Hansen singing the soprano solo.

The Junior High Choir, with 80 voices, under Beck's direction will sing, The March of the Ill-Assorted Guards, by Livingston; Comin' On Chariot Wheels, by DeCline; and Bless the Lord, O My Soul, by Ippolitov-Ivanov. Both choirs are accompanied by Mrs. Clarence Moore.

Twenty-two members of the Senior High Choir will represent Escanaba in the Massed Choir which will rehearse in the afternoon and present a concert for the public at 7:30 p. m.

The choirs will be judged on various musical aspects such as, tone blend, intonation, diction, musical interpretation and stage deportment. They will be accompanied by Negaunee by David Laakso, John Chown, Mrs. Rod Kittner, Mrs. Frank Rodman, Mrs. Roy Swanson, Mrs. Clarence Moore and Beck.

## Willard Mattson Is New City Fireman

Willard Mattson, 26, of 1824 8th Ave. S., will begin work Monday as an Escanaba fireman to fill a vacancy which will be caused by the transfer of Al Beauvais to the city's engineering department, said Milton Embs, administrative assistant to the city manager.

A graduate of Rapid River High School, Mattson was employed as a truck driver and a woodsman. He is married and the Mattsons have three children.

He authored the plan to get the rail system out of the red. Union leaders arranged to meet Monday to set a strike date.

## Governor Moves To Revive \$1.15 Senate Proposal

(Continued From Page 1)

of the House Apportionment Committee and sponsor of the GOP plan.

"The only thing this meeting proved is that we have a long three weeks ahead of us."

At issue in the squabble is the selection of the favored plan authored by Hogan or one offered by Rep. Roy Spencer, R-Attica, which has the support of several GOP lawmakers.

### New District To Come

Michigan is entitled to a 19th Congressional District on the basis of the 1960 census, but the Republican-controlled legislature last year was unable to agree with former Democratic Gov. John Swainson on a revision of districts.

Unless they can agree this year or next, the state will continue to have a congressman-at-large as its 19th representative in Washington.

Any plan to create the district this year likely will be the product of a House-Senate conference committee, and to get there it must be reported out to the House floor by next Tuesday and passed with 56 votes by April 24.

Democrats have endorsed the Spencer plan—and the majority of Republicans are unhappy with it — because it would set Genesee County, a strong Democratic area, off as a separate district instead of linking it with Republican counties as at present.

Hogan's proposal would create the new 19th District out of northern Oakland County plus two "Thumb" counties, Lapeer and St. Clair.

### DAILY PRESS COVERAGE

The Escanaba Daily Press is read by more than 30,000 people in Delta County alone and has an out-county circulation into 2,400 homes.

## CHRYSLER / AMERICA'S NEWEST PAGE-SETTERS

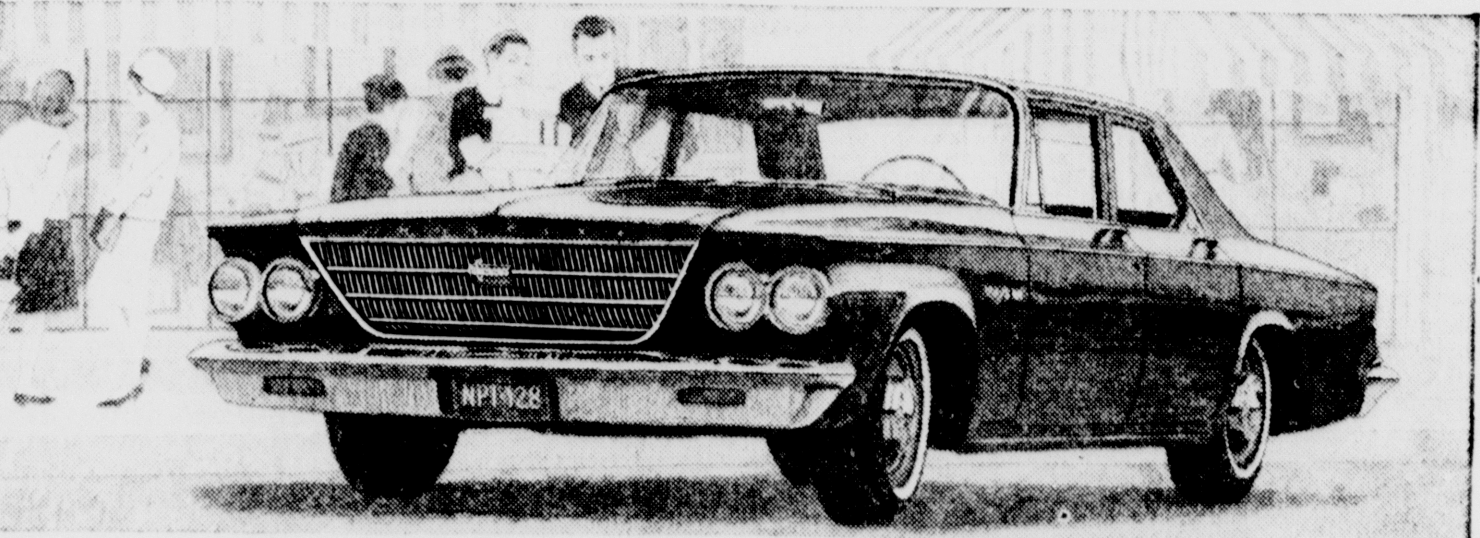

### Sports spectacular — with a 5-year or 50,000-mile warranty†

When the Chrysler 300 sets out to do a performance job, it does it with flying colors. It's been chosen (with complete justification) to pace the field at the famed Indianapolis "500" on May 30th.

It's already known as the No. 1 American rally car. Successes include top awards in the Continental Divide, Daniel Boone and Abominable Snow rallies.

With a 300—crisp, custom styling, bucket seat luxury plus the power and handling of a true performance car are all yours to enjoy.

And, there's the most surprising extra of all—your Chrysler dealer's 5-year or 50,000-mile warranty. Little wonder Chrysler's selling the hot pace wherever performance cars are being talked about.

### Value spectacular — with a crisp, custom look

When Chrysler sets out to pack a full-size Newport with value, others take a back seat. Here's value that surprises many who figure the crisp, custom beauty of Chrysler ought to be priced much higher.

Consider the solid way this beauty is built. The complete way it's powered and equipped with a Firebolt

V-8 that performs on regular. Torsion-bar suspension that levels the roughest roads. Expensive decorator fabrics. Six-way adjustable seats. Thick, door-to-door carpeting. Then there's America's longest and best new-car warranty, 5 years or 50,000 miles.

Chrysler Newport—only \$2964.\* See your dealer today.

\*Manufacturer's suggested retail price of Newport 4-door sedan, exclusive of state and local taxes, if any, and destination charges. While all lines exist.
